HOMECOMING

This year's Homecoming '79 proved to be a great success. Activities got underway Thursday, November 8 with a parade through the streets of Bay St. Louis in the afternoon and a pep rally that evening on the SSC campus. On Friday, November 9 there was a cocktail party for alumni and parents. This gathering was attended by over 300 guests, who afterward went to the SSC-East Central football game — won by the Rock-A-Chaws, 21-6. The queen of this year's homecoming was Rachel Gex, daughter of Mr. and Mrs. Walter Gex III '57. The Homecoming Dance was held on Saturday evening, November 10.

Alumni who enjoyed themselves on the tour to Cancun were (left to right) Jimmy Bryan '41, Eugene Lyons '31, Jerry Schoen '47, Bill Foster '31 and Tommy Kidd '57.

Pictured above is the departing scene as the people who made the 1979 SSC Alumni Tour are shown leaving the airport in Cancun after a four-day stay.

COMING EVENTS

February 2 — Alumni Reunion (New Orleans)

May 9 — Induction of Class of '80 into Alumni Association (SSC)

May 10 — Golden Jubilee Celebration for Class of '30 (SSC)

The scene was one of happiness in the stands during the football game. The fans cheered the Rocks on to victory.

ANOTHER FORM OF GIVING

There probably have been many times when a friend or relative died, and — without giving much thought to an alternative — you ordered flowers to be sent for the deceased. This is truly a fine gesture, but very often there were so many flowers sent by others that you would have been happy to do something else for the deceased. The following is a suggestion of what might very easily be done.

A gift to the St. Stanislaus Scholarship Fund in memory of a deceased person is beneficial in two ways:

First, it enables certain students to receive an education at SSC who otherwise would not be able to do so.

Second, it shows the family of the deceased that you have a great interest in the Christian education of youth.

The way in which this gift may be made is very simple:

- 1) Address your correspondence to:
St. Stanislaus Scholarship Fund
P.O. Box 351
Bay St. Louis, Mississippi 39520
- 2) Give the name of the deceased of whom you wish the gift to be in memory.
- 3) Give the name and address of the family of the deceased to whom you wish acknowledgment of the gift to be sent.
- 4) Make your check payable to the St. Stanislaus Scholarship Fund (the amount of the check is determined by you).

When your letter and check are received, we at St. Stanislaus will take these steps:

- 1) We will send you an acknowledgment of your gift and a receipt for your donation (this donation is tax-deductible).
- 2) We will send a personal letter to the family of the deceased to let know that a gift has been made by you to the St. Stanislaus Scholarship Fund in memory of the deceased.

Sample form for making a gift to the St. Stanislaus Scholarship Fund:

I wish to contribute _____ (Dollars) to the St. Stanislaus Scholarship Fund.

In memory of Mr. John Smith

Please send acknowledgement of this gift to

Mrs. John Smith

What Is The St. Stanislaus Progression Program?

The St. Stanislaus Progression Program is a vehicle through which alumni, parents of students, and friends of SSC are able to make tax-free donations to the school. These donations are not used for operational expenses, but rather they are used for the construction of new buildings and the renovation of present buildings as well as the endowment of the school's educational programs. It is in this way that St. Stanislaus is able to get needed facilities without raising appreciably the tuition of the students. If SSC is to continue its lead in the field of education, this "extra aid" is not only helpful but it is essential.

Here are some of the ways in which St. Stanislaus has been able to increase its educational advantages to the students:

1967 — Aurelian Hall (Residence Hall for boarders) — \$800,000

1968 — Chapel renovation — \$5,000

1968 — Outdoor Recreation Area — \$3,000

1969 — Kleinpeter-Gibbens Memorial Library — \$65,000

1970 — Swimming Pool — \$55,000

1970 — Field House and Track — \$32,000

1971 — Administration-Classroom-Student Union — \$1,600,000

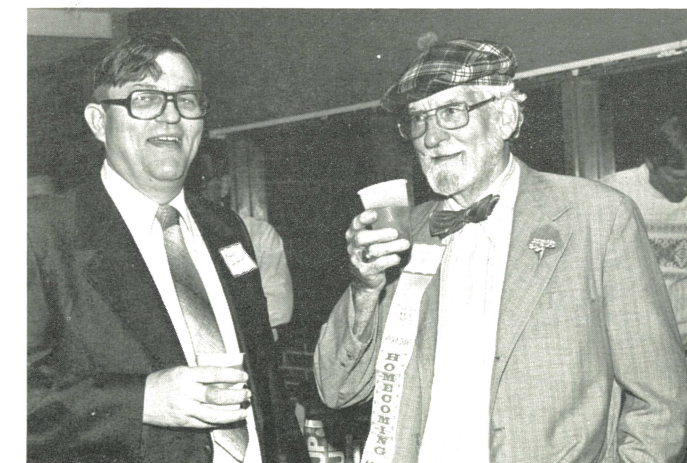

1974 — Brother Romuald Memorial Band Hall — \$30,000

1977 — Brother Peter Memorial Gymnasium and Physical Education Center — \$700,000

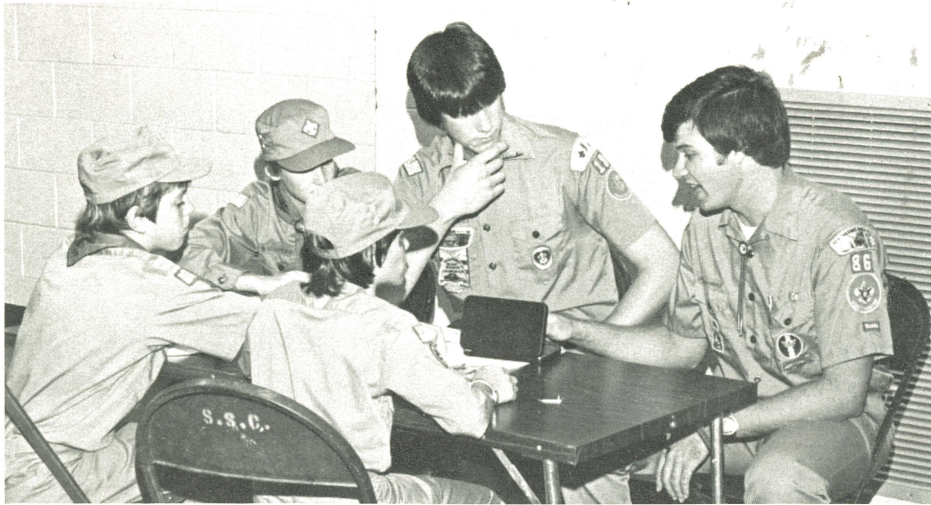

The present project of the St. Stanislaus Progression Program is the renovation and additional construction to the present dining facilities. Approximate cost will be \$380,000.

OTHER DONATIONS

In addition to gifts of cash St. Stanislaus is fortunate to have recently received other valuable donations, which are very helpful to the operation of the school and summer camp. Examples of these contributions are stocks, real estate, a Stearncraft boat, a Catamaran sailboat, an O'Day 20 sailboat, a simulator for an airplane, and a Life-lift body stretcher. There were also substantial contributions made toward the purchase of a Cessna 150 for the aviation program at St. Stanislaus. As with cash donations, these gifts are tax-deductible.

Dr. Frank Schmidt '50 (left) and Dr. M.J. Wolfe, Sr. '23 enjoy a good laugh at the homecoming cocktail party.

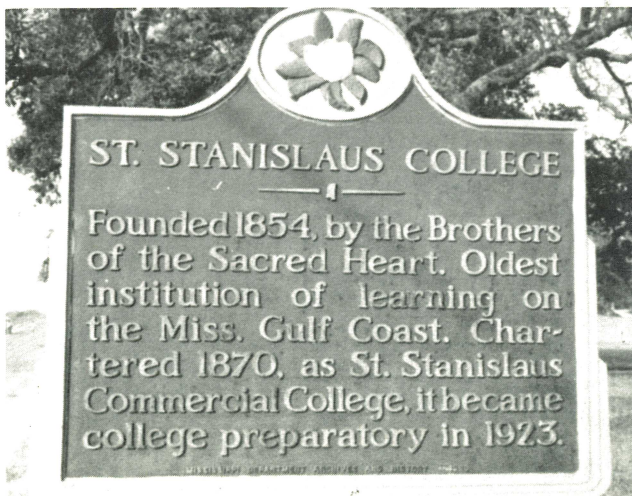

Brother Dwight Kenny (at right) has formed a Boy Scout Troop at St. Stanislaus for 30 boarding students. Here he converses with senior patrol leader Joe Saia, an eleventh grade student at SSC, and three of the new scouts. This is the first year St. Stanislaus has had their own Boy Scout Troop.

Drive Underway For Brother Alban Memorial:

In order to recognize in a special way the twenty-five years of dedicated work of Brother Alban, the St. Stanislaus Progression Program has initiated a drive for the renovation and additional construction to the present dining facilities at SSC. The estimated cost of this project will be approximately \$300,000. All alumni were notified of this project during November, and the response has been very encouraging. Through the generosity of alumni, parents of students, and friends of the school, a total of \$126,000 has been raised towards this goal. If you have not yet identified with this project, please send your contribution to St. Stanislaus in care of the St. Stanislaus Progression Program.

Alumni Elections To Be Held

The new officers of the SSC Alumni Association for 1980-82 will be elected by a mail ballot to be sent to all alumni during the month of March. A picture and short biographical sketch of each nominee will be provided to help alumni in their selection.

Present officers of the SSC Alumni association are Buzzy Killeen '44 (president), Tim Schafer '57 (vice-president, New Orleans area), Lucien Gex, Jr. '50 (vice-president, Gulf Coast area) and Brother Aquin Gautheir (secretary-treasurer).

Alumni Directories Mailed Out

In commemoration of the 125th anniversary of St. Stanislaus, a new up-dated alumni directory was printed and mailed out to all alumni during the month of October. This directory includes the names and addresses of all alumni through the class of 1979. Additional copies of this directory may be obtained by sending your request to the alumni office at St. Stanislaus. Please include a check for \$4.00 for mailing and handling charges.

Alumni Reunion is Great Success

A crowd of 530 people attended the annual SSC General Alumni Reunion at the Jefferson-Orleans in New Orleans. This attendance record surpassed any previous reunion as the number of alumni continues to increase each year. The class of 1960, which was being honored for its 20th anniversary of graduation, had the most members in attendance with thirty-one. Other classes honored at the reunion were the classes of '40, '50, '55 and '70. For the third year in a row the two oldest alumni present were Joe Buford '15 and Milton "Funchie" Reisch '19. Guests of the SSC alumni were the members of the St. Joseph's Academy class of 1955 who were celebrating the twenty-fifth anniversary of their graduation.

Next year's reunion has been scheduled for January 31, 1981 at the Jefferson-Orleans. Honor classes will be '41, '51, '56, '61 and '71.

SSC Students Place High in State Competition

During the forty days before Easter the students at St. Stanislaus generously gave a total of \$1,754.60 to the Lenten Giving Fund. The custom of giving money for the support of the missions has been a tradition at SSC for many years. This custom is based on the fact that students are asked to make a sacrifice during Lent by donating some of their own spending money to be used for the very worthwhile cause of supporting missionary work outside the United States. Half of the money raised by the students has been sent to Father Matthew Martin '44 for his missionary work among the people of Guatemala; and the other half has been sent to help the missionary work of the Brothers of the Sacred Heart in Africa.

Drive Continues for Brother Alban Memorial

The drive for the renovation and additional construction to the present dining facilities at SSC are moving along very well. Thus far a total of \$180,000 has been donated by alumni, parents and friends towards a goal of \$300,000. An architect has already been contracted and proposed sketches have been submitted. Construction is planned to begin during the school year of 1980-81. When the renovation and construction is completed, the new complex will be named the Brother Alban Memorial Dining Hall.

If you have not made a donation this year and you wish to do so, please send your gift to:

CRUSADE — A PLAN FOR RELIGIOUS VOCATIONS

The SSC Alumni Association is presently helping the Brothers of the Sacred Heart in a directed plan for the fostering of religious vocations. This project is nearing completion; and when this is accomplished, it will provide three ways to better the present recruiting system. First, a planned method of prayer among families for religious vocations. Second, a booklet to explain the life and work of a Brother of the Sacred Heart. Third, an audio-visual presentation to be used in speaking to groups on the topic of religious vocations.

Please pray for the success of this very important project!

Various members of the class of 1965 are pictured above. Although not an honor class this year, the class of '65 had the next best representation to the honor classes.

John Lassere '76 has been accepted into the medical school at L.S.U. in Shreveport. He is presently attending the University of New Orleans. John was valedictorian of the SSC class of 1976.

Crusade Pamphlet

All SSC alumni have been asked to join in a special crusade to help in the fostering of religious vocations—and in particular vocations to the Brothers of the Sacred Heart. This project has been the special concern of the board of directors of the SSC Alumni Association during the past three years. To make this crusade as objective as possible, our alumni have been asked to pray as a family for religious vocations. In order to facilitate this family prayer all alumni have received in the mail a pamphlet with suggested readings and prayers for a one-week period. The important thing is to set aside a definite time each day when the family comes together as one so that the whole family can pray together. Let's make sure we all pray for this worthy cause!

Brother Alban Memorial Drive

Alumni, parents and friends are responding in a "great way" towards the drive for the renovation and additional construction to the present dining room here at St. Stanislaus. A total of \$250,000 has been raised toward a goal of \$300,000—the drive is nearing the end. Construction is slated to start in the Spring of 1981. When the construction is complete, the newly-renovated building will be known as the Brother Alban Memorial Dining Room.

Letters were sent out in November requesting alumni help for this important project. Your assistance in this project will be deeply appreciated.

Schmidt Ordained As Permanent Deacon

Gilbert Schmidt '51 was ordained to the permanent diaconate for the Archdiocese of New Orleans on December 13, 1980. On December 14 there was a Mass of Thanksgiving celebrated at St. Angela Merici Church to honor the newly-ordained deacon. Gil's wife Anna and their children, along with relatives and friends, were in attendance for the Mass and the reception that followed.

Gil joins sixty-two other deacons who are presently serving the needs of the church in the New Orleans area. He began his training for the diaconate in 1977; and during this

three year period his studies included courses in scripture, theology, moral theology, the sacraments and homiletics.

The role of a permanent deacon is particularly demanding in that a layman leads his already busy life of caring for his family while also serving a vital need in the ministry of the church. The deacon is empowered to baptize, to distribute Communion, to preach homilies, and to officiate at weddings, wake services and funerals.

Many of Gil's SSC classmates of 1951 were present for the Mass of Thanksgiving.

Memorial Gifts To Scholarship Fund

SSC alumni, parents, and friends have received letters recently suggesting a different approach to remembering persons at the time of their death. A gift to the St. Stanislaus Scholarship Fund has been suggested in lieu of flowers. This idea has proven to be extremely popular, and it can be used on many occasions as a way of showing the family of the deceased that a special interest is being shown in the education of youth. For further information write to the St. Stanislaus Scholarship Fund.

SSC Students Excel In State Competition

SSC students participated in the State Science and Mathematics Tournament, and these students placed in the top 10% in eight categories. This represented the second highest total won by a school in the statewide competition. The award winners from St. Stanislaus were as follows: David McDonnell (Chemistry), Brian Logan (Chemistry and Math), Scott Weidie (Chemistry), John Gallagher

(Chemistry and Biology), Hunt Vegas (Biology and Math) and Steve Boulet (Math). John Gallagher was ranked in the top 5% in the state in Biology, and Hunt Vegas was in the top 2% in Math. Each of these award winners received a \$100 scholarship, and Hunt Vegas earned an additional \$600 scholarship for placing second in the state for Math.

Brother Alban Memorial Dining Hall

Architectural drawings have been completed and work is slated to begin in the near future on the renovation and additional construction to the present kitchen and dining facilities at St. Stanislaus. Approximately 3000 square feet will be added to the present structure and the food preparation and storage area will be completely renovated. When the project is completed, it will be known as the Brother Alban Memorial Dining Hall. This is in memory of Brother Alban Tucker, S.C., who served as dietitian at SSC for over 25 years.

A gift to the SSC Scholarship Fund in memory of a deceased person does not have to be a one-time gift. Whenever a friend or relative passes away, you might want to consider this type of gift in memory of the deceased.

Excerpt From Salutatorian Address

Andy Boudreaux '81

"As our final moment as St. Stanislaus students approaches, another chapter of the Stanislaus tradition is written. This tradition of striving for excellence, education, and maturity has been the launching of many successful careers. The presence of the Golden Jubilarians here today acknowledges that tradition.

Out of gratitude we would like to thank our parents who possessed enough insight to send us to an excellent school. We would like to thank the Brothers and lay faculty, who have enriched our lives with knowledge and a desire to further it. The road we leave behind has not been an easy one, but neither is the road we are about to encounter. We should feel at ease knowing that we have received a good Christian foundation, both morally and mentally, upon which to build our lives."

Excerpt From Valedictorian Address

Jeff Kergosien '81

"Throughout the years at St. Stanislaus we have been trained in the ideals of Christian manhood. Fortunately, our parents had the foresight to send us to this fine establishment to receive that intangible gift we call knowledge. With this blessing, which many have been denied, we as Christians are now dutifully bound toward bettering humanity.

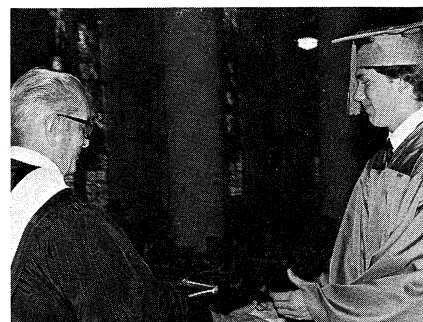

By recalling what we have learned, we are well prepared to challenge the expanding difficulties of our dynamic world. However, a newly emerging senior might ask, "What is the most basic problem that confronts our nation today?" Is it inflation, crime, pollution, or the energy crisis. These certainly are detrimental to American society, but I would like to consider a situation which is rarely in the news, seldom considered as an issue, and even less often talked about. It involves the very foundation of our great civilization and incorporates the whole scope of our social behavior. I am speaking of family structure and the unity it provides. Statisticians tell us that there is a definite trend toward

de-emphasizing the importance of family life and the moral principles that it establishes. Can the American dream possibly survive with such a reversal in the ideals that founded our country?

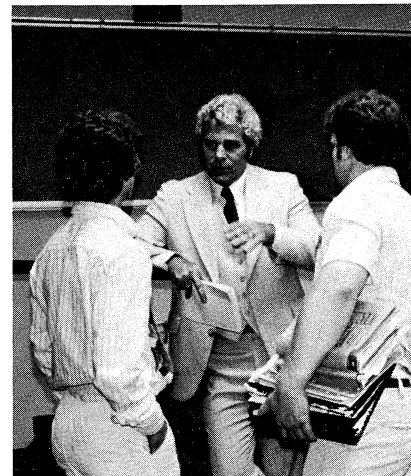

In the awakening years of our nation, many families headed west to search for a new and better life. Through unity of purpose and "rugged individualism" they survived to form the heart and soul of this vast land. These families were indomitable—and so was America. Today's scene is quite different. We are stunned by such atrocities as terrorism, abortion, divorce, and the so-called "New Sexual Freedom." We have strived to remedy these problems from many angles, but I believe that part of the solution lies in re-establishing the value of close family life in America. As young adults and potential parents, this movement toward restoration should be of great importance to the class of '81. The ultimate success is now in our reach; and with the help of God's grace, **we will not fail!**"

Award winners at the 128th Commencement Exercises are pictured above with Brother Paul Mulligan, SSC principal. They are (front row-left to right) Andy Boudreaux, Jose De Dianous, David McDonnell, Brian Logan, Paul Nelson, Lloyd Benoit and Jeff Kergosien; (back row-left to right) Andrew Haas, Scott Weidie, Ben Benvenuti, Bradley DeGeorge and Tom Sharkey. Kergosien (son of Phil Kergosien '48) won the Science and Humanities Awards; De Dianous (son of Jose De Dianous '54) won the Character Cup; Benvenuti (son of J. H. Benvenuti '40) won the SSC Alumni Award; and Haas (son of Nicholas Haas '54) won the President's Award—the highest award earned by a Stanislaus graduate.

Ben Benvenuti '81 merited the SSC Alumni Association Award given to the graduating senior who has shown in a truly Christian manner a concern for his fellow man through school projects involving the corporal and spiritual works of mercy.

Walter Gex '57 speaks to SSC seniors on the various opportunities available in the practice of law.

Milton Reisch Memorial Fund

The family of Milton "Funchie" Reisch '19 has started a special scholarship fund in memory of Funchie. The funds derived from this memorial will be used to help a deserving student receive an education at St. Stanislaus.

Funchie was a student at SSC for four years from 1915-1919 during which time he participated in football, track and baseball, and he was a member of the Sodality of the Blessed Virgin. Since his graduation in 1919, Funchie would have won the "attendance award" for being present at the most SSC alumni events. This memorial scholarship is a fitting tribute to a "loyal Rock-A-Chaw."

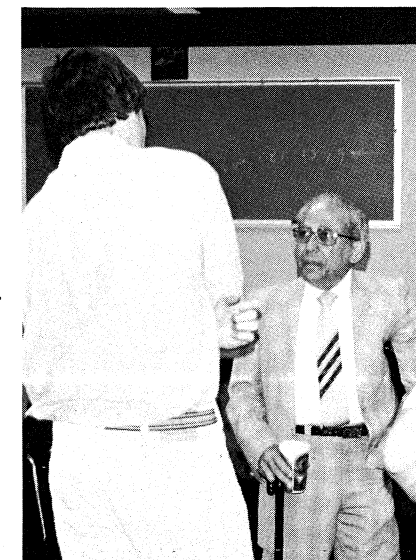

Anyone interested in adding to the Milton Reisch Memorial Fund, please contact either Mrs. M. L. Reisch (206 Fairway Dr., New Orleans, LA 70124) or Brother Aquin Gauthier at St. Stanislaus.

Voluntary Alumni Support

J. T. LaNasa, SSC alumni president, recently sent out a letter to all alumni requesting their voluntary support for the alumni association. Please do your best to respond to the needs of **your** alumni association.

SSC Students Donate To Missions

During the forty days before Easter the students at St. Stanislaus generously gave a total of \$1720 to the Lenten Giving Fund. The custom of giving money for the support of the missions has been a tradition at SSC for many years. The students are asked to make a sacrifice during Lent by donating some of their own spending money to be used for the very worthwhile cause of supporting missionary work outside the United States. Half of the money raised by the students has been sent to Father Matthew Martin '44 for his missionary work among the people of Guatemala; and the other half has been sent to help the missionary work of the Brothers of the Sacred Heart in Africa.

David Assaf '40 is shown after he spoke to the SSC seniors on the topic of import-export business.

Plan Ahead

The general SSC Alumni Reunion will take place on January 23, 1982. The location will be the same as last year—the Jefferson-Orleans (I-10 at Causeway) in New Orleans. This reunion is for all SSC alumni, but the special honor classes this year will be the classes of '42, '52, '57, '62 and '72. Make plans now to attend!

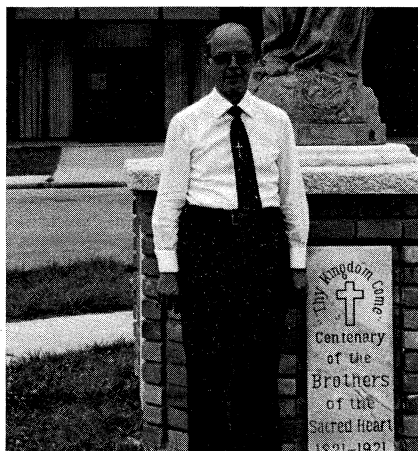

Jack Leary '68 was one of the alumni speakers who spoke to the seniors at SSC on naval architecture.

Homecoming '81

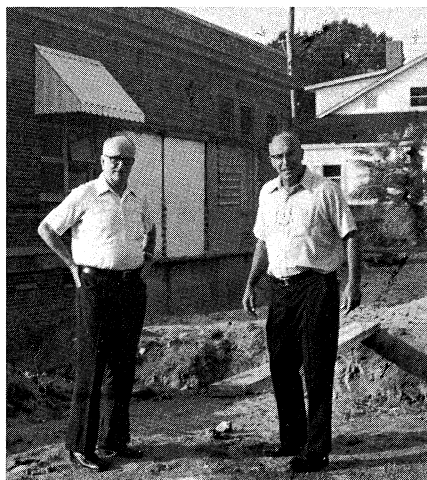

The SSC Alumni Association will sponsor a homecoming on Friday, October 16, 1981, on the St. Stanislaus campus. Activities will include a cocktail party and the SSC-Stone High football game. All alumni and their wives or dates are invited to attend the festivities which get underway at 5:00 p.m. Advance registration cards will be sent out at a later date.

Alumni Reunion Is Great Success

The annual alumni reunion held on January 23 at the Jefferson-Orleans proved to be the single largest reunion in the history of SSC. Over 600 attended the four-hour cocktail party which paid special tribute to the Class of 1957, which celebrated its twenty-fifth anniversary of graduation. The other honor classes were those of '42, '52, '62 and '72. The oldest alumnus in attendance was Joe Buford of the class of 1915.

Brother Leo enjoys a friendly conversation with two students at Brother Martin High School in New Orleans.

Brother Leo Remains Active

Brother Leo, prefect at SSC from 1949-1958, is still very much active at Brother Martin High School in New Orleans where he has been since 1969. He presently teaches one French class and two classes of algebra, as well as running the school bookstore and serving as faculty representative at athletic events. He is also the liason between the school and the Navy ROTC program.

In a recent interview with Brother Leo, he recalled with happy memory his days as senior prefect at SSC with 138 boys in "his group." He considered his role in counseling and prefecting as a parental one in that he served very much as a father and a mother. In the midst of this nostalgia he recalled two vivid incidents. The first one was standing outside the lavatory and saying in a loud voice,

"I'm coming in"; and then hearing all the toilets flush in unison. The second incident concerned his assistant prefect for four years (a black collie named "Nicky") who was so protective he wouldn't let the boys go to the bathroom at night. When Nicky got sick, Brother Leo recalls picking up a collection from the boys of \$35 to send Nicky to the doctor. In addition to his prefecting duties, Brother Leo taught French and algebra. During the summer he would take care of the older boys (Group 7) at summer camp.

In 1972 a group of his former students from Mexico brought him down to Monterrey for the Thanksgiving Holidays. Each year he enjoys returning to the SSC Alumni Reunion to renew old acquaintances.

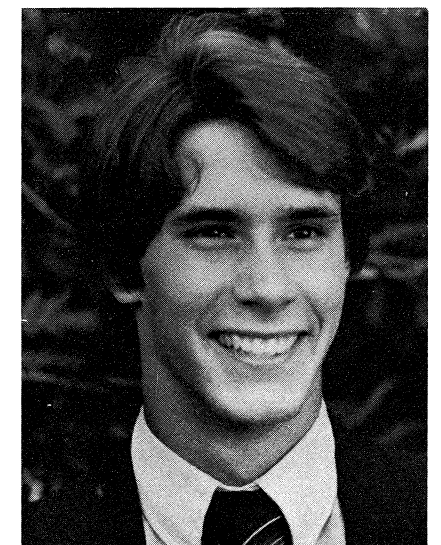

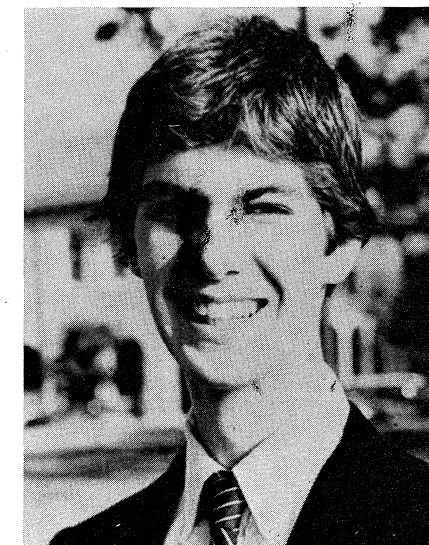

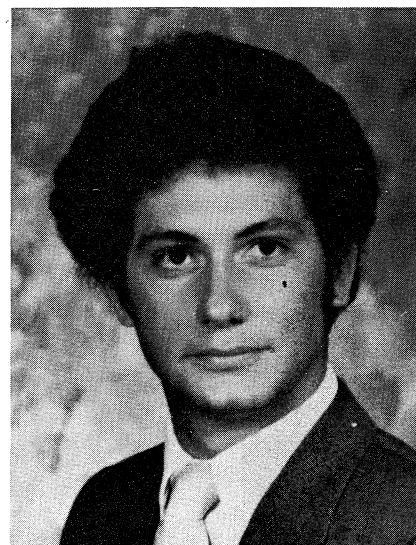

Memorial Gifts For Scholarship Fund

SSC alumni, parents and friends have taken full advantage of a different approach to remembering persons at the time of their death. Instead of sending flowers to the family of the deceased, they are making a gift to the St. Stanislaus Scholarship Fund in memory of the deceased person. The family of the deceased person is notified by St. Stanislaus that a gift from this person has been made to the SSC Scholarship Fund; and in addition this gift is a tax-deductible contribution for the donor. Gifts of this type should be sent to:

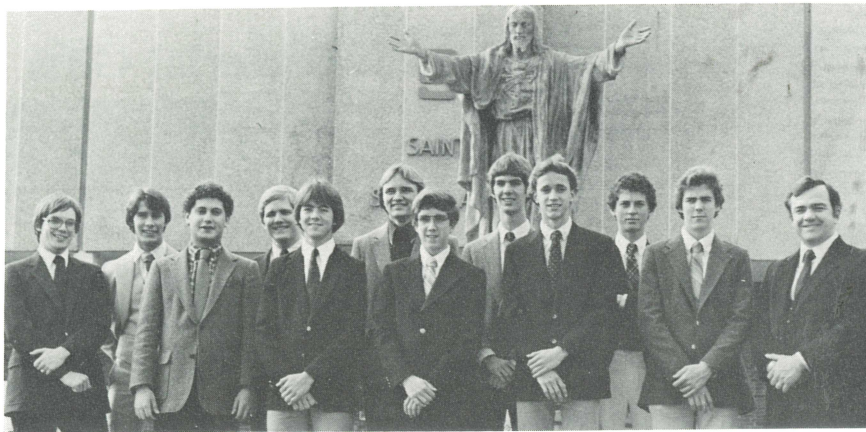

St. Stanislaus Scholarship Fund
P. O. Box 351
Bay St. Louis, Mississippi 39520

Pray for Vocations

As a SSC alumnus you should have received recently a copy of the "Brothers of the Sacred Heart" and also a "Crusade" pamphlet to be used in praying for vocations. The purpose of this "Crusade" pamphlet is to encourage a family to pray together for an increase of vocations for the Brothers of the Sacred Heart. This is a very important task and the prayers of everyone are needed.

**Hunt Vegas '82
Salutatorian**

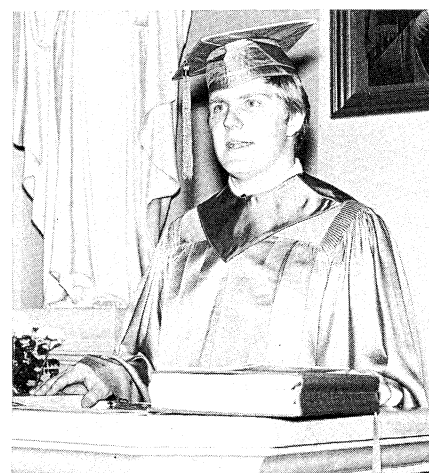

Your excellency Bishop Howze, Reverend Fathers, Golden Jubilarians, family, friends, and teachers: The St. Stanislaus family bids you welcome to the commencement of our 128th Graduating class. We know that from the 127 previous speeches that my counterparts have given that the road of life is quite treacherous but never impossible. My reiteration of the same would merely demonstrate that I had indeed referred to the Ronco all purpose salutatorian speech in preparation for this special day. But this morning I feel it hardly necessary to examine our future, which is something we all anticipate and doesn't need to be explained. I do feel it necessary, however, to simply say what might be felt in the hearts of the seniors present here in this church. The two words, however quaint, say more than they merely suggest. Thank you. Thank you moms, dads, family, friends, and of course faculty. Thank you very much. For it was you, your love, guidance, understanding and patience that allowed any of this to occur. It was you who kept us going when times were rough; it was you who shared our joy when we made it through; and it was you, today, who are gathered with us and extend your congratulations for our various achievements which, when examined, really would not be ours without you.

The sense of appreciation I feel is so great that I can hardly express it. It is a feeling so easily overlooked during the heat of the school years; but now with those years forever behind us, it's all too apparent what you have done for all of us. You have made us all what we are, and we are only too proud to be called one of your own.

Brother Mark Thornton, SSC president, presents Hunt Vegas with the President's Award, the highest award given to a graduating senior at St. Stanislaus.

Graduation Addresses May 8, 1982

**Skip Horne '82
Valedictorian**

Your excellency Bishop Howze, parents, relatives, faculty, friends, Golden jubilarians, and fellow graduating seniors:

If you asked a man to name the happiest moment of his life, you would naturally expect a variety of responses—his first job, his marriage, the birth of his first child. But if you asked the same man to name the most challenging moment of his life so far, you might expect the reply: His graduation from high school.

Today we leave behind the security of the classroom and emerge into the uncertainty of the outside—human society. For some it will be a smooth transition, but for most it will be a period of new responsibility, adjustment, re-examination of self, and, above all, challenge.

Today our relationships with other people will change. We will attempt to make new friends without forgetting our old ones, this will be difficult. Our parents, no longer sole source of authority in our lives will become our stand-by's, our helpers, and our friends as they guide us toward the fulfillment and enrichment of our existence. Our relationship with God will hopefully grow and change as we find ourselves calling on him for guidance, strength, and thanks.

Today is also a time for reflections of our past. We look back over our twelve years of education, and thank our parents, teachers, and Brothers who made our growth and maturity possible. We recall our friends with whom we shared our thoughts, dreams, and ourselves. We remember our loved ones who, because of death or illness, could not be here today to share in this joyous occasion.

No doubt many of us have received gifts to commemorate our graduation. The greatest gift, however, is not material nor monetary, but advice. The same people who told us, "Wait until you graduate from high school," are now saying, "Wait until you start college," and "Wait until you marry."

This advice is to be taken and dealt with honestly. We must accept full responsibility for our life, for it is ours only and no one else's. From it, many will benefit, but none more so than ourselves. Years from now, when our gifts have long been lost, we should try to recall the gifts of advice, and never forget them.

St. Stanislaus Scholarship winners are pictured above with Mr. James Thriffiley (far left), SSC guidance counselor, and Brother Paul Mulligan (far right). They are (front row-left to right) Jeff vonLiebermann, Bill Lang, William Floyd, John Gallagher, Stephen Stant, Marco St. John, Billy Waits, Alan Bowen, Joe Cini, Chuck Donlin, Greg Quartano, Pat Kergosien, Terry Asher and Richard Corley; (middle row) Jerry Kavalieratos, Todd Holden, Ricky Thompson, Skip Horne, Michael Poche, Stephen Haas, Doug Handshoe, Joe Gex, Todd Weidie, Scott Stewart, Frank Schwandt, Luke Jackson, John Dunham, Mark Rittiner, Charles Richards, Tommy Zanca, Hunt Vegas, Justin Jones, Ray Williams and Peter Nguyen; (back row) The Tran, Steve Boulet, Robert Zanca, Tony Herques, Andy Melvin, Mark Schultz, Mike Jarreau, Emery Edwards, Alex Goodson, Gerald Crochet, Bish Stieffel, Adam Williams, Ken France, Tommy Holzhauser, Fred Bontemps, Paul Martinolich, Brennan Collins, Fred Ulmer and Ryan Vicknair. On Friday, October 8, there was a cocktail party for alumni and parents. This gathering was attended by approximately 350 guests, who afterward attended the homecoming football game. The Rock-A-Chaws lost a hard fought game to St. Paul's of Mobile, 28-14. The homecoming dance was held on Saturday, October 9.

--Brother Joseph Donovan is shown with two of his boarding students.

Brother Joseph Donovan

Brother Joseph Donovan (alias "Brother Pius") has been a prefect at St. Stanislaus since 1963. During his first three years he was prefect of the sophomores, juniors and seniors--with a 125 students in all. At this time the boarders were still sleeping in a common dormitory and all studying was done in the large study hall--some would say this made for "one large happy family." However, for the past seventeen years Brother Joseph has been in charge of the juniors and seniors (numbering approximately 90 boarding students each year). Since the construction of the residence hall in 1966, the boarders now live and study in a room which three boys share. This necessarily led to a dif-

ferent style of prefecting (to which Brother Joseph very quickly adapted).

Before coming to St. Stanislaus, Brother Joseph had had experience in both prefecting and teaching. He taught and prefected the orphan boys at Catholic Boys Home in Mobile, Alabama; and he taught at St. Aloysius High School in New Orleans. Previous to this he had studied at Spring Hill College where he received his bachelor's degree; and later he earned a master's degree at Fordham University in New York.

Brother Joseph's work at SSC does not consist solely in prefecting the boarding students. He has taught on occasion courses in Religion, English and history; and presently he is serving as assistant principal. For many years he supervised a work crew composed of boarding students, who would voluntarily work around the campus after school hours.

In twenty years at SSC many incidents are recalled by Brother Joseph, but perhaps this one would be a typical story. A young boarding student arrived in 1965 having heard many tales as to the strictness of a certain Brother Pius. When he was informed on arrival at the campus that his prefect would be Brother Joseph, he breathed a sigh of relief. And then he proceeded to tell Brother Joseph that he was surely glad to have him as a prefect because he had heard so many terrible stories about Brother Pius. And so the stories go!

--Brother Joseph--SSC prefect for twenty years.

Assaf, Foster, and Brother Leonard will be present for the ceremonies, while Gex will be inducted posthumously. This Eighth Induction Ceremony will be held on the school campus with a special Mass being celebrated by Father James Carter '44. Following the Mass will be a cocktail hour and the induction banquet and ceremonies.

1983 General Reunion Set For January 29

The 1983 general alumni reunion will be held on Saturday, January 29 at the Jefferson-Orleans (located at 2536 Edenborn Avenue--this is near the intersection of I-10 and Causeway Blvd. in Metairie). This is our sixth year at the Jefferson-Orleans and this site has proved to be extremely popular. The reunion will be from 7:30-11:30 p.m., and a pre-registration form is being sent out to all alumni at the beginning of January.

The honor classes this year will be the classes of '43, '53, '63 and '73, with the special honor class being that of 1958 (Silver Jubilee Class). However,

this is a GENERAL REUNION and not just limited to members of the honor classes. All alumni of SSC and their wives or dates are encouraged to attend, and also in attendance will be Brothers of the Sacred Heart who have taught at St. Stanislaus in the past. Those who attended last year's reunion at the Jefferson-Orleans know what a great success it was. Make plans now to attend!

As an added attraction for "racing fans" the fifth race at the Fair Grounds on January 23 will be the St. Stanislaus Alumni Race.

HOMECOMING '82

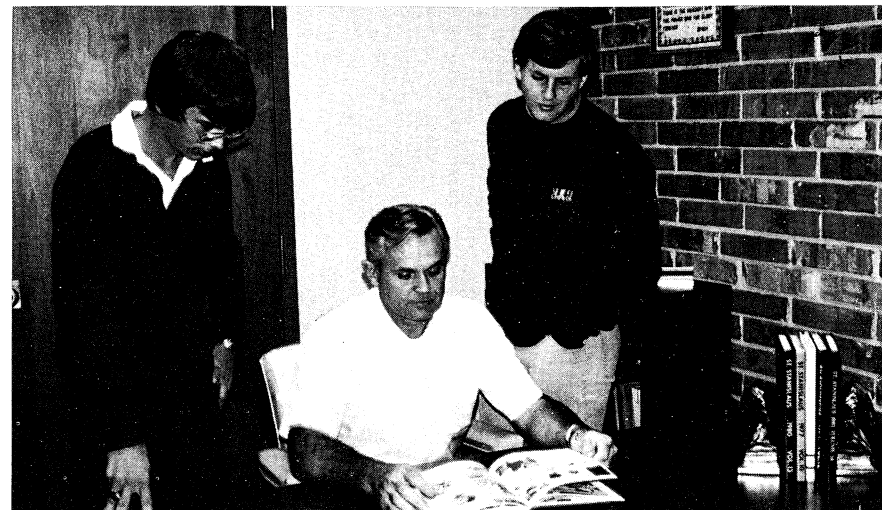

This year's Homecoming '82 was a tremendous success. Activities got under way on Thursday, October 7 with a parade through the streets of Bay St. Louis in the afternoon and a pep rally that evening on the SSC campus. On Friday, October 8, there was a cocktail party for alumni and parents. This gathering was attended by approximately 350 guests, who afterward attended the homecoming football game. The Rock-A-Chaws lost a hard fought game to St. Paul's of Mobile, 28-14. The homecoming dance was held on Saturday, October 9.

--Brother Joseph Donovan is shown with two of his boarding students.

Brother Joseph Donovan

Brother Joseph Donovan (alias "Brother Pius") has been a prefect at St. Stanislaus since 1963. During his first three years he was prefect of the sophomores, juniors and seniors--with a 125 students in all. At this time the boarders were still sleeping in a common dormitory and all studying was done in the large study hall--some would say this made for "one large happy family." However, for the past seventeen years Brother Joseph has been in charge of the juniors and seniors (numbering approximately 90 boarding students each year). Since the construction of the residence hall in 1966, the boarders now live and study in a room which three boys share. This necessarily led to a dif-

ferent style of prefecting (to which Brother Joseph very quickly adapted).

Before coming to St. Stanislaus, Brother Joseph had had experience in both prefecting and teaching. He taught and prefected the orphan boys at Catholic Boys Home in Mobile, Alabama; and he taught at St. Aloysius High School in New Orleans. Previous to this he had studied at Spring Hill College where he received his bachelor's degree; and later he earned a master's degree at Fordham University in New York.

Brother Joseph's work at SSC does not consist solely in prefecting the boarding students. He has taught on occasion courses in Religion, English and history; and presently he is serving as assistant principal. For many years he supervised a work crew composed of boarding students, who would voluntarily work around the campus after school hours.

In twenty years at SSC many incidents are recalled by Brother Joseph, but perhaps this one would be a typical story. A young boarding student arrived in 1965 having heard many tales as to the strictness of a certain Brother Pius. When he was informed on arrival at the campus that his prefect would be Brother Joseph, he breathed a sigh of relief. And then he proceeded to tell Brother Joseph that he was surely glad to have him as a prefect because he had heard so many terrible stories about Brother Pius. And so the stories go!

--Brother Joseph--SSC prefect for twenty years.

MARCH 1983

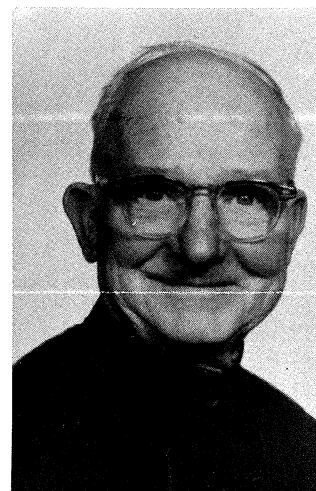

David Assaf '40 was valedictorian of his class and is presently owner of Assaf and Company Exporters in New Orleans. He served as president of the St. Stanislaus Alumni Association from 1975-77 and remains very close to SSC.

Bill Foster '31 is known by his presence at all alumni events. He is presently in charge of alumni travel and is an honorary member of the alumni board of directors. He has two grandsons who are presently at SSC.

Lucien Gex, Sr. '25 served as attorney for both the city of Bay St. Louis and Waveland, and he was a member of the State Legislature. His two sons—Lucien '50 and Gerald '53—are SSC grads. He will be inducted posthumously.

Brother Leonard, S.C. spent his greatest years in teaching and prefecting at St. Stanislaus during sixteen years between 1930-1950. He especially endeared himself to everyone by his friendliness and cheerfulness.

Four To Be Inducted Into SSC Hall Of Fame

Four men will be inducted into the St. Stanislaus Hall of Fame on March 19 at ceremonies held on the campus of St. Stanislaus in Bay St. Louis. This will mark the eighth induction ceremony since the Hall of Fame was started in 1972. Brother Philip

Since 1940 Brother Philip has been a very familiar face around St. Stanislaus. For all but twelve years since 1940 Brother Philip's active apostolate has been here at SSC. Many alumni dropping by the school for a visit will invariably ask if Brother Philip is around and how he is doing. In fact, they will usually end up going down to the football stadium for a visit with him as that is where Brother Philip will be found most of the time during the day. Since he retired from teaching in the classroom in 1975, his "active work" is centered around the maintenance of the football stadium and field house and his role as moderator of the St. Stanislaus Sideline Club. In addition to this he finds time for an occasional fishing trip with his friends.

Brother Philip was born in Fall River, Massachusetts, on September 29, 1918. He entered the Brothers of the Sacred Heart at Metuchen, New Jersey, on August 7, 1939. He began his teaching career in 1937 at St. Aloysius High School in New Orleans. In addition to being at SSC he has also taught at Catholic High School in Baton Rouge, St. Aloysius High School in Vicksburg, and McGill High School in Mobile.

As was mentioned before, Brother Philip's greatest work has been done at SSC where he has lived for 31 years. Besides his teaching duties (mainly Senior English), he has been involved in many other capacities. He has served as principal at SSC as well as director of admissions. He has been

involved greatly in athletics as athletic director, boxing coach, football coach, etc. Probably his greatest contribution to the athletic program has been his work with the SSC Sideline Club, an organization devoted

primarily to the support of the athletic program at St. Stanislaus. As a fitting tribute to Brother Philip, the Sideline Club was instrumental in having the football stadium named in honor of Brother Philip.

Alumni Fund

In November each alumnus received a letter asking for help in the general support of St. Stanislaus. In order to make this appeal more personal, it was suggested that each alumnus consider a gift of one dollar for each year since his graduation from SSC. The response to this appeal was overwhelming on the part of the alumni association. Perhaps you may have forgotten to send in your gift before Christmas. If this was the case, your gift sent at this time would be appreciated. There was a Stanislaus decal sent along with the letter. If you would like additional decals, please send your request to the alumni office here at SSC.

SSC Hall Of Fame Inducts Four

Approximately 270 alumni and friends gathered on the St. Stanislaus campus on March 19 to witness the induction of David Assaf '40, Bill Foster '31, Lucien Gex, Sr. '25 and Brother Leonard, S.C. into the SSC Hall of Fame. The evening began at 5:15 with a special Mass offered in the school chapel by Father James Carter '44. The Mass was offered particularly for the inductees and their families. Following the Mass, "Phase Two" consisted of a cocktail reception at which time the inductees were greeted by their many friends in attendance. Mrs. Lucien Gex, Sr. and her family were present to represent Lucien Gex, Sr., who died in 1971.

The induction banquet took place in the school dining hall under the direction of Brother Pierre St. Pierre. The students in the National Honor Society at St. Stanislaus served the meal. The honorees—David Assaf, Bill Foster and Brother Leonard—each spoke after they were formally inducted into the Hall of Fame. Lucien Gex, Jr. '50 spoke on behalf of the family of the deceased honoree, Lucien Gex, Sr. J. T. LaNasa spoke for the alumni association, and Brother Aquin Gauthier served as master of ceremonies.

A special school assembly was held on Friday, May 18 in order to give the SSC students a chance to meet and hear the Hall of Fame inductees. This year's induction brings to thirty-seven the number of inductees enshrined in the Hall of Fame at St. Stanislaus.

SALUTATORIAN ADDRESS

It is my honor and pleasure to welcome you to the 129th Commencement Exercises of St. Stanislaus.

Because of our parents who had the foresight to place us here a long, long time ago, we are here to see eighty-seven seniors graduate. This is the last step of our long high school career, but only our first step toward manhood.

Here at St. Stanislaus, we received the gift of a great education. Along with this education, we have developed our character and have

been enlightened spiritually. Fifty years from now, when we return to St. Stanislaus, we will be known as golden jubilarians. At that time, we will reflect upon the many challenges and obstacles we have conquered and realize that we were able to do so because of what we achieved here at St. Stanislaus.

Finally, I'd like to thank everyone who has inspired and guided me through the years with all of their love and unselfish devotion. Thank you and God bless you all!

VALEDICTORY ADDRESS

Today the Seniors of 1983 have reached an important milestone in their lives—their high school graduation. I would like to ask the members of the class to reflect for just a moment on their lives. Think about how fortunate we are to have parents capable of sending us to St. Stanislaus. Try to remember how many times our parents have made sacrifices for us in order to make our lives easier. Think of our relatives who stood beside us and readily offered us advice. If we do half as much for our children as our parents and relatives have done for us, then we will have lived a successful life.

There is an air of apprehension today among the seniors as well as a sense of well-being. The relief we felt after our last exam was immediately followed by a feeling of uncertainty. We know that today part of the security our parents and teachers

have always given us will be left behind, and we will face the real world on our own. Many will have trouble with this transition, while for others it may be an easy one. It will basically depend upon how well we have prepared ourselves throughout the years.

When we were young, our parents seemed to be the sole source of influence in our lives. However, as we got older and began attending high school, our teachers began to play an even greater part in our lives. They not only taught us, but also instructed and guided us through these critical years. For this reason we should thank the faculty here at St. Stanislaus. It is probably true that at this time most of us would rather go a few rounds with Grendel instead of having another conference with a faculty member. However, we do have an obligation to offer our most sincere thanks and to show some real appreciation towards the faculty. These people have given valuable time to the task of making us men. Some teachers prepare us for the immediate future, such as college, while others teach us laws and values that will be used later on in life. Though all teachers educated us in different ways, they all had a common goal in mind—to prepare us for the rough road ahead.

In conclusion, I would like to say that we, the seniors of 1983, are indebted to all of the aforementioned people for the rest of our lives; and perhaps the only way we can repay them is by doing our very best in everything we do. Thank you.

Schott Wins Alumni Award

Gary Schott, son of Mr. and Mrs. Vincent Schott of Waveland, Mississippi, won the coveted Alumni Award at the 1983 Commencement Exercises. Alumni Reunion - January 28

The 1984 general alumni reunion will be held on Saturday, January 28 at the Jefferson-Orleans (located at 2536 Edenborn Avenue—this is near the intersection of I-10 and Causeway Blvd. in Metairie). This is our seventh consecutive year at the Jefferson-Orleans and this site has proved to be extremely popular. The reunion will be from 7:30-11:30 p.m., and a pre-registration form is being sent out to all alumni at the beginning of January.

The honor classes this year will be the classes of '44, '54, '64 and '74, with the special honor class being that of 1959 (Silver Jubilee Class). However, this is a **General Reunion** and not

just limited to members of the honor classes. All alumni of SSC and their wives or dates are encouraged to attend, and also in attendance will be Brothers of the Sacred Heart who have taught at St. Stanislaus in the past. Those who attended last year's reunion at the Jefferson-Orleans know what a great success it was. Representatives of the honor classes will be contacting their classmates to encourage 100% attendance by the members of the class. Make plans now to attend!

As an added attraction for "racing fans" the fifth race at the Fair Grounds on January 28 will be the St. Stanislaus Alumni Race.

Camp Stanislaus

The dates for Camp Stanislaus this year will be June 10-July 21, 1984. This academic-fun camp is for boys (ages 9-14). The academic part of the camp covers a two-hour period each day and is designed to give enrichment help in Reading, English and Mathematics. The remainder of the day is devoted to water skiing, sailing, swimming, hobbies, fishing, etc. This six-week camp is limited to 150 boys; and therefore early registration is a necessity. Any inquiries regarding Camp Stanislaus should be directed to:

Homecoming — 1983

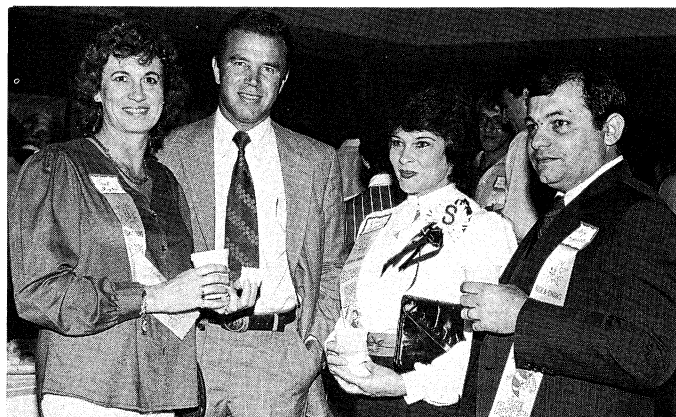

From start to finish, this year's Homecoming '83 was a tremendous success. Activities got under way on Thursday, October 20 with a parade through the streets of Bay St. Louis in the afternoon and a pep rally that evening on the SSC campus. On Friday, October 21, there was cocktail party for alumni and parents. This homecoming gathering—the largest to date—was attended by approximately 380 guests, who afterward attended the homecoming football game. The Rock-A-Chaws won a hard fought game in defeating East Central, 21-0. The homecoming dance was held on Saturday, October 22. And on the following Friday, the Rock-A-Chaws defeated Pass Christian 7-6 (for their first victory over the Pirates in 13 years).

Leon Kleinpeter, Sr.

Leon Kleinpeter, Sr. was born in Baton Rouge on August 9, 1895. Today, at the age of 88, he is one of the five oldest living graduates of St. Stanislaus. He doesn't move around as quickly today as he did in his days at SSC, but he was very active in the family dairy business up until eight years ago.

Leon was one of ten children—he had five brothers and four sisters. His early education was received at St. Vincent's Academy under the Brothers of the Sacred Heart. In high school he attended St. Stanislaus College where he was a good student. He played on the school football and basketball teams. He was the official scorer for the senior baseball team; he sang in the glee club; and he was a member of the literary and debating society. The story goes that he broke his collarbone playing football at SSC, and he had to be sent to New Orleans to have the bone set. On June 18, 1913, he graduated from SSC in a class of sixteen students.

He passed up college to work with his father in the farming and grocery business, and he also worked in the family cotton gin. His grandfather operated the first sugar mill and cotton gin in East Baton Rouge Parish. After a few years he went into the farming and dairy business on his own. In 1917 he married the former Lillian Mary Gibbens. When his father died, he took over the operation of the family cotton gin and grocery; and he farmed cotton, sugar cane and corn. In the 1920's he started bottling milk, and he became the largest independent processor of milk in the state; and today the Kleinpeter Dairy is the only independent processor of milk in Baton Rouge.

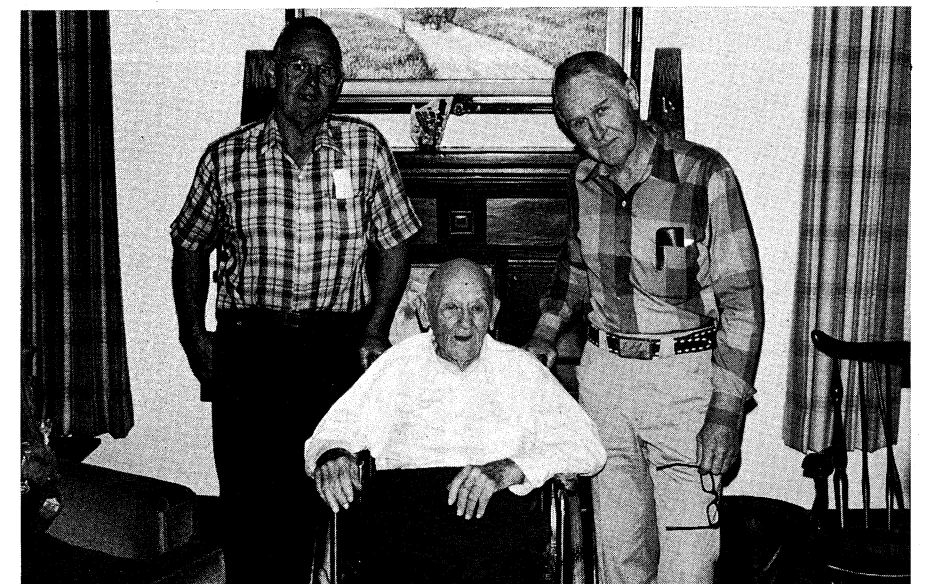

Leon's wife Lillian died on October 6, 1982—two days after their 65th wedding anniversary. They had eleven children—six boys and five girls. Two of their sons graduated from SSC (Tom in 1941 and Ben in 1945). In addition to this, eight Kleinpeter grandchildren have attended SSC.

On May 24, 1970, the library at St. Stanislaus was dedicated as the Kleinpeter-Gibbens Memorial Library. This dedication serves as a fitting tribute to a family that has been closely involved with SSC since 1911. In this way the Kleinpeter spirit will remain very strong at St. Stanislaus in the years to come.

Annual Alumni Fund

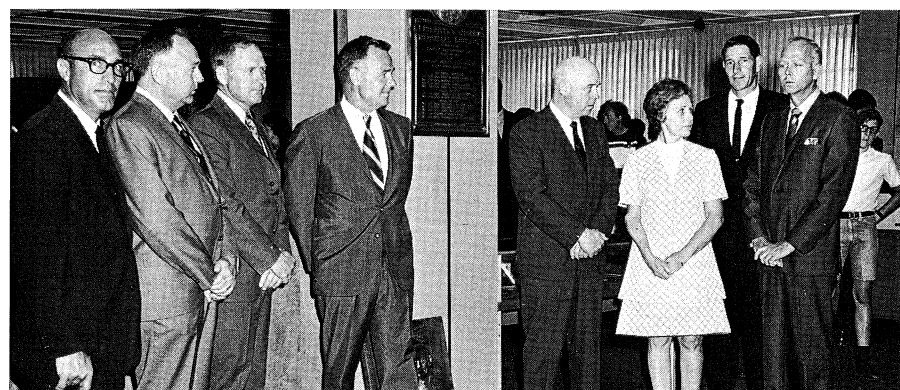

Letters regarding the annual alumni fund were sent out to all alumni during the month of November. In order to help with the ever-increasing cost of private education and to provide the best possible facilities for the students, it has been suggested that each alumnus contribute a dollar for each year since he has graduated from SSC. This plan has worked well the past two years, and it proves the outstanding support that SSC alumni provide their school. If you have not responded to your letter as yet, please use this as a reminder.

Alumni Reunion Is Great Success

John Auderer, honorary SSC alumnus, and Dr. M.J. Wolfe, Sr. '23 (right) enjoy a happy moment at the reunion.

The Annual SSC Alumni Reunion was held on Saturday, January 28 at the Jefferson-Orleans. Approximately 500 alumni were present representing classes between 1915 and 1983. For the fourth year in a row, our oldest alumnus in attendance was Joe Buford '15. The honor classes had a good turnout—particularly the Class of 1944 (celebrating the fortieth anniversary of their graduation from SSC). The other classes who were honored at the reunion included the classes of '54, '64 and '74. The special honor class was the Class of 1959.

Earlier in the afternoon a number of alumni were at the Fair Grounds for the St. Stanislaus Alumni Race. Brother Aquin Gauthier, along with Jerry and Aline Schoen, were at the finish line to present a special plaque to the owner of the winning horse "Report for Duty."

Would you believe the date has been set for next year's reunion? It will be held on February 2, 1985, at

Class of 1934 To Be Honored

The members of the SSC Class of 1934 will be honored at St. Stanislaus on May 12, 1984. This special celebration will commemorate the Golden Jubilee of their graduation from SSC in 1934. The Golden Jubilarians will attend the graduation exercises of the Class of 1984; and they will receive a commemorative diploma from Brother Mark Thornton, president of

SSC. Following the graduation exercises there will be a banquet for the Golden Jubilarians and their families. Living members of the Class of 1934 include Edmond Blaize, Leo Blaize, Carl Gulotta, Charles Henry, Sylvan Ladner, T.F. Monti, William O'Brien, August Rauxet and Joe Van Cloostere.

Our Alumni In Monterrey

Sometimes the expression "Out of sight—out of mind" is carried too far. Just because we do not get to see our SSC alumni in Central America, it does not mean that they do not exist. It is unfortunate that they are so far away from us in miles that it is not easy to get together with them periodically. But you can be sure that they exist and that they *feel very strongly* towards St. Stanislaus and their former classmates from "SSC days." A very good example of this occurred on November 26, 1983.

Two of our alumni—Luis Montemayor '57 and Pat Zambrano '58—hosted a reunion of SSC alumni living in Monterrey and neighboring sections of Mexico. This reunion was held on November 26, 1983, at the Hotel Monterrey (which incidentally is owned by Luis Montemayor). This reunion was attended by twenty alumni, and Brother Aquirí Gauthier

was invited to attend as a representative of St. Stanislaus. The events of the evening included a cocktail party and dinner for the alumni and their wives. Luis Montemayor addressed a few words of welcome and asked Brother Aquin to speak on the latest "happenings" at St. Stanislaus and to give news of the alumni association. Brother Aquin also presented "memorabilia" of SSC to each of the alumni. Following these talks there was music and dancing until the early hours of the morning. On the following day many of the alumni and their wives were able to get together for lunch and continue their reminiscing.

The alumni present for this reunion were Ernesto Aldape '54, Luis Montemayor '57, Guillermo Maldonado '57, Carlos Montemayor '54, Jose Maldonado '51, Rodrigo Zambrano '60, Patricio Zambrano '58, Javier Zambrano '53, Alfonso Aldape

'56, Felipe Islas '55, Jorge Odriozola '60, Antonio Elosua (1948-50), Luis Elosua (1948-50), Guillermo Barragan (1952-54), Carlos Pons (1951-52), Ricardo Padilla (1952-54) and Augusto Peon (1948-51). The four SSC alumni from the United States who were present for the reunion were Andre Arceneaux '52, Ray Briers '58, Leon Fazzio '56 and Rolando Mora '63.

Our alumni in Monterrey are indeed "alive and well" and very interested in St. Stanislaus and its alumni. They are to be commended for their genuine interest in St. Stanislaus; and a special word of congratulations should go to Luis Montemayor and Patricio Zambrano in organizing the recent reunion in Monterrey. If you would like the address of any of these alumni, please contact the alumni office. These men would love to hear from their fellow SSC alumni.

SSC ALUMNI AT MONTERREY RE-UNION are (standing from left) Luis Elosua, Andre Arceneaux, Ray Briers, Jorge Odriozola, Patricio Zambrano, Brother Aquin Gauthier, Leon Fazzio, Javier Zambrano, Guillermo Maldonado, Jose Maldonado, Carlos Pons, Alfonso Aldape, Carlos Montemayor and Ernesto Aldape; (sitting from left) Augusto Peon, Rolando Mora, Luis Montemayor, Ricardo Padilla, Guillermo Barragan, Felipe Islas and Antonio Elosua.

Homecoming

The SSC Alumni Association will sponsor a homecoming on Friday, November 8, 1984, on the St. Stanislaus campus. Activities will include a pre-game gathering and the SSC-Vancleave football game. All alumni and their wives or dates are invited to attend the festivities which will get underway at 5:15 p.m. Advance registration cards will be sent out at a later date.

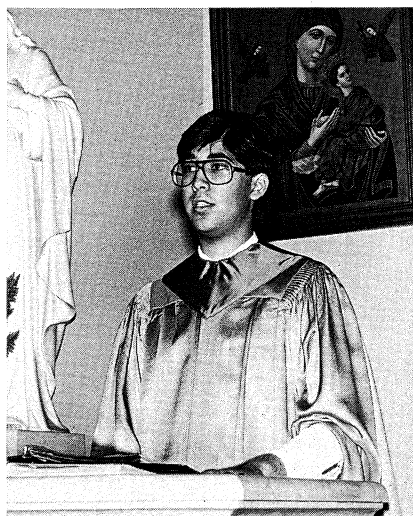

Salutatory Address

We have assembled here this morning to witness the graduation of 83 seniors who make up the St. Stanislaus class of 1984. The years that we have attended SSC will be considered the finest of our lives. They were filled with moments both good and bad, but the good moments far outweighed the bad. And it should be the good moments that all of us, whether graduates or parents or students or faculty, should recall during this ceremony and after.

Unfortunately, it will not be these moments that will enable us to make the lives of the disadvantaged better; these moments alone will not propel us during less enjoyable times; nor will these memories enable us to stand tall against those who seek to tear us down. It will be the Christian background and training given to us by our parents, the Brothers, the lay teachers, and our friends that will enable us to accomplish these tasks. And as our lives press on, we should recall the fond memories of high school often; but we should use our education and training to overcome the small and great obstacles that we will encounter in the years to come. We should be extremely grateful to our parents, the Brothers, the lay teachers, and family and friends who tirelessly shaped our excellent education into what it is today.

Valedictory Address

The diplomas we have just received acknowledge the fact that we have obtained an excellent education. This education has not only taught academics, but has taught about life—how to cope with our problems and how to inter-act with other people. What is done with this education and with our lives is something we must decide for ourselves. It will not be an easy decision, but it is one which must be made.

In today's society, recent generations have taken a lackadaisical attitude toward honor, commitment, and toward becoming responsible citizens. We must overcome this attitude in order to make our lives worthwhile. As we enter into the adult world we have certain obligations to fulfill. In pursuing higher education and our careers we must continually strive to contribute to the betterment of the world—of the society to which we are so indebted.

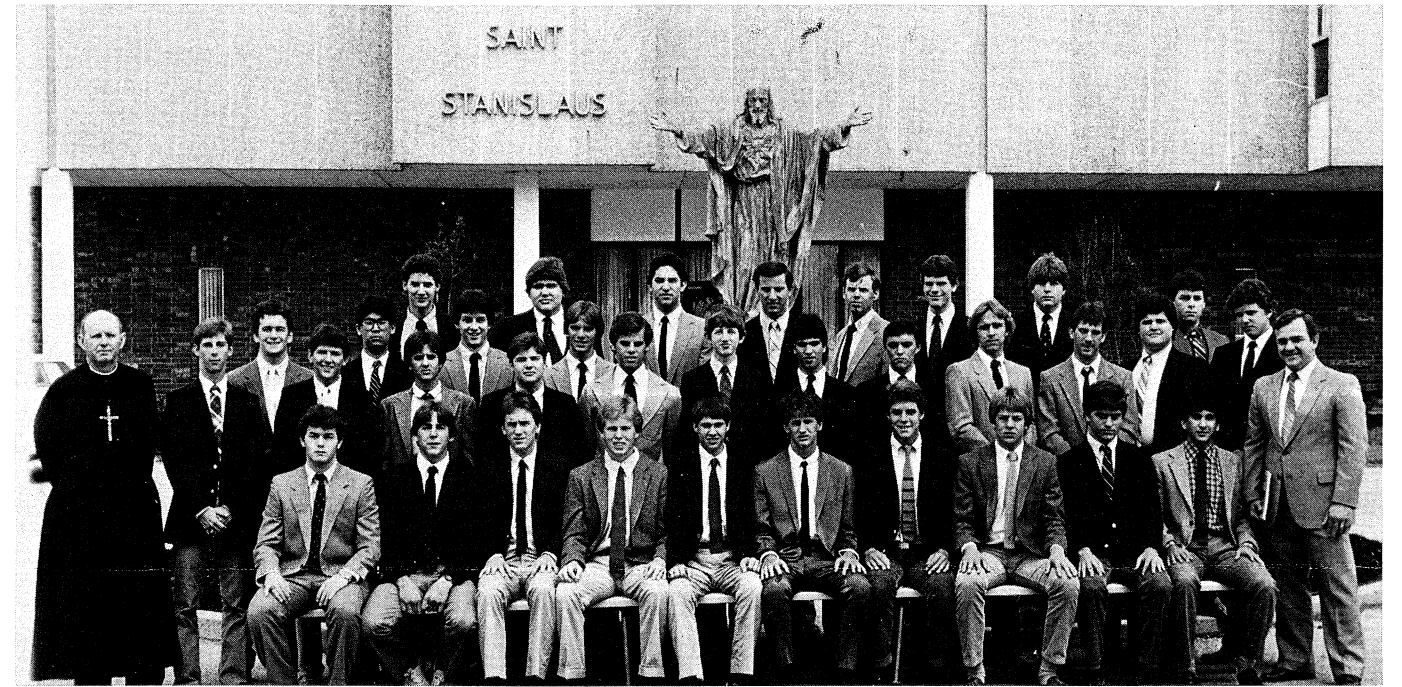

To our parents we owe many thanks. In good times as well as bad they were always there. They were there to offer help, advice, and finances to cover our endless expenses. For all of this we are extremely grateful. We also thank our teachers for their tolerance and perservance. They seemed to push us beyond our limits—yet made learning fun and interesting. To St. Stanislaus we owe respect—a respect for the morals and principles which we were taught. As St. Stanislaus graduates we are obliged to observe these values. We will always display that character distinctive of a member of the Stanislaus family and continue to uphold the good name of St. Stanislaus.

As we leave we carry with us many fond memories, we carry knowledge, respect for our fellow man, noble ambitions, and our diplomas. We are well prepared for this new era in our lives, and we thank all of you!

JANUARY 1985

Alumni Reunion - February 2

The 1985 general alumni reunion will be held on Saturday, February 2 at the Jefferson-Orleans (located at 2536 Edenborn Avenue--this is near the intersection of I-10 and Causeway Blvd. in Metairie). This is our eighth consecutive year at the Jefferson-Orleans and this site has proved to be extremely popular. The reunion will be from 7:30-11:30 p.m., and a pre-registration form is being sent out to all alumni at the beginning of January.

The honor classes this year will be the classes of '45, '55, '65 and '75, with the special honor class being that of 1960 (Silver Jubilee Class). However, this is a **General Reunion** and not just limited to members of the honor classes. All alumni of SSC and their wives or dates are encouraged to attend, and also in attendance will be Brothers of the Sacred Heart who have taught at St. Stanislaus in the past. Those who attended last year's

reunion at the Jefferson-Orleans know what a great success it was. Representatives of the honor classes will be contacting their classmates to encourage 100% attendance by the members of the class. Make plans now to attend!

As an added attraction for "racing fans" the fifth race at the Fair Grounds on February 2 will be the St. Stanislaus Alumni Race.

Annual Alumni Fund

Letters regarding the annual alumni fund were sent out to all alumni during the month of November. In order to help with the ever-increasing cost of private education and to provide the best possible facilities for the students, it has been suggested that each alumnus contribute at least a dollar for each year since he has graduated from SSC. This plan has worked well the past three years, and it proves the outstanding support that SSC alumni provide their school. If you have not responded to your letter as yet, please use this as a reminder.

Camp Stanislaus

The dates for Camp Stanislaus this year will be June 9 - July 20, 1985. This academic-fun camp is for boys (ages 9-14). The academic part of the camp covers a two-hour period each day and is designed to give enrichment help in Reading, English and Mathematics. The remainder of the day is devoted to water skiing, sailing, swimming, hobbies, fishing, etc. This six-week camp is limited to 150 boys; and therefore early registration is a necessity. Any inquiries regarding Camp Stanislaus should be directed to: Brother Noel, S.C.

SSC alumni, parents and friends have taken full advantage of a different approach to remembering persons at the time of their death. Instead of sending flowers to the family of the deceased, they are making a gift to the St. Stanislaus Scholarship Fund in memory of the deceased person. The family of the deceased person is notified by St. Stanislaus that a gift from this person has been made to the SSC Scholarship Fund; and in addition this gift is a tax-deductible contribution for the donor. SSC Alumni Enjoy Reunion

It was a cold night outside but a very warm night inside the Jefferson Orleans on February 2 as the SSC alumni held their annual reunion. The extremely cold weather and the possibility of icy roads did not stop 450 alumni and friends from gathering to reminisce about the "old days at SSC."

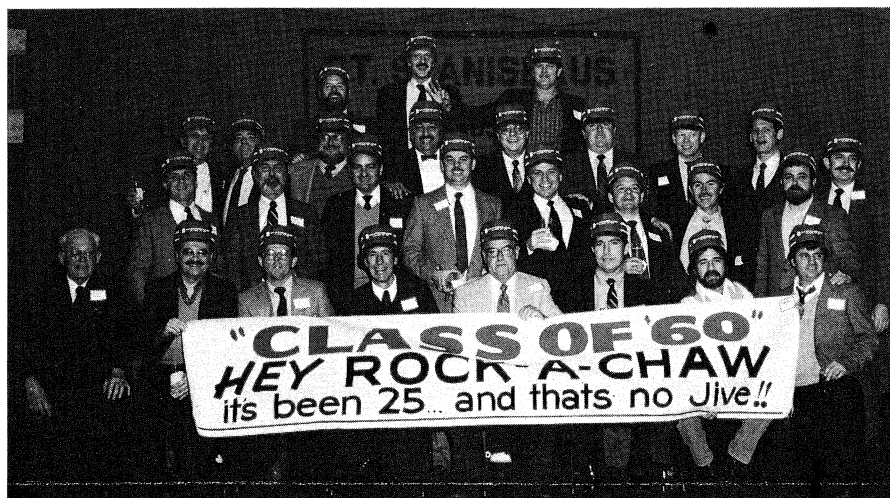

The special honor class of 1960--some thirty strong--made their grand entrance with specially designed caps bearing the inscription "St. Stanislaus--Class of '60." In fact, this

class started their celebration on Friday night (February 1) at the Cafe Banquette and ended on Sunday afternoon with a brunch at the Sheraton Airport Inn. The other classes who were honored at the reunion included the classes of '45, '55, '65 and '75.

Earlier in the afternoon a number of alumni were at the Fair Grounds for the St. Stanislaus Alumni Race. A group of alumni from the class of '45 (organized by Earle Christenberry) were on hand to enjoy the activities.

Brother Aquin Gauthier, along with Earle and Gladys Christenberry, was at the finish line to present a special plaque to the owner of the winning horse "Caddo Lad."

Would you believe the date has been set for next year's reunion? It will be held on January 25, 1986! If you are a member of one of next year's honor classes ('46, '56, '61, '66 and '76), you may want to start making plans now with your classmates so as to assure a large turnout from your class!

Brother Noel is pictured with some happy campers on Awards Day at Camp Stanislaus.

Brother Noel Lemmon

In September, 1951, Brother Noel was assigned to SSC as a teacher; and for a span of twenty-nine years Brother Noel has been a familiar figure at SSC. In recent years he has been known to the students principally as a teacher of religion and math, and as "the brother who teaches aviation." During the present school session he is the director of buildings and grounds, and he is a member of the administrative team at SSC. In addition he serves as director of Camp Stanislaus during the summer.

Brother Noel was born in Lafayette, Louisiana, on September 18, 1928. He attended Menard High School in

Alexandria and entered the Brothers of the Sacred Heart on September 8, 1945, in Metuchen, New Jersey. He has a bachelor's degree from Spring Hill College and a master's degree from Loyola University. In addition to St. Stanislaus, Brother Noel has taught at St. Rose in Brooklyn, New York; Cor Jesu High School in New Orleans; and the Sacred Heart Juniorate in Daphne, Alabama. His years at SSC have been from 1951-57 and from 1964 to the present day.

Though he has taught in other schools, Brother Noel is known principally for his great contribution at SSC. The students have always respected him as a great teacher--in fact, he has been named Star Teacher on nine different occasions and in 1977 he was selected Star Teacher for the state of Mississippi. In 1976 he

took up flying as a hobby and he received a private pilot's license. He instituted a course in aviation for the SSC students; and as a result of this popular course approximately twenty-five students have earned their private pilot's license. In 1969 he re-opened Camp Stanislaus as an academic-fun camp after the camp had been closed for six years; and each summer approximately 150 boys benefit from the activities of Camp Stanislaus.

Brother Noel is known and remembered for many things--as a teacher, as a prefect (1956 and 1957), as a camp director, as an operator of the school mall, as an aviation instructor, as an overseer of the afternoon work crew, and last but not least as a driver of the school bus for boarding students to the Baton Rouge area on weekends.

SSC Students Excel In State Competition

First place winners in the marketing competition with Mr. James Thriffiley (at far left). They are (from left) Nathan Bills, Charles Schutt, Mark Wheeler, Brother Celestipe Algero (SSC principal), Billy Cox and Mike Wyatt.

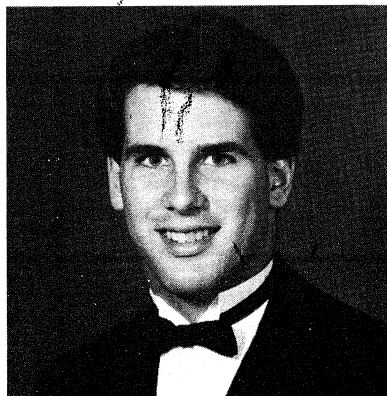

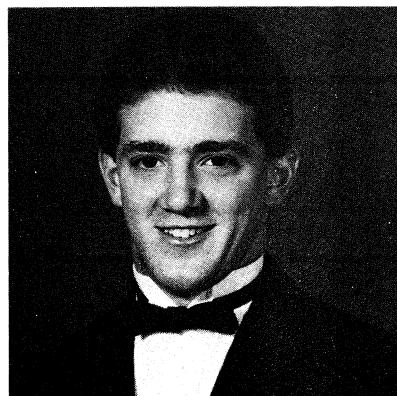

St. Stanislaus students won first place in the state in the 1985 Millsaps Interscholastic Business Simulation Competition. Students from competing schools around the state were presented facts and figures for the development of a business involved in the manufacturing and sales of mini computers. Overall winner of the competition was determined by the total R.O.A. (return on assets) achieved by the teams based on its administration and marketing decisions over eight periods, which simulated three months per interval, so that the simulation included two calendar years. This period was condensed for

the competition to a period of eight weeks.

Students representing SSC were seniors Mark Wheeler (captain), Nathan Bills, Billy Cox, Charles Schutt and Mike Wyatt; and Mr. James Thriffiley served as faculty moderator. These students met each Sunday evening during their free time for eight weeks and sent their decisions into Millsaps on Monday morning. When the final results were announced, SSC was declared the first place winner based on its having achieved the highest return on assets. This was truly an outstanding achievement for our SSC students.

Salutatory Address

Special gratitude is to be extended to the parents of the graduating seniors that we have here today. Due to the love, care, and concern for each of these fine young men, our parents had the foresight of placing us in the finest institution of learning in the area. The education that we have received here is one of the greatest gifts our parents could have ever given us.

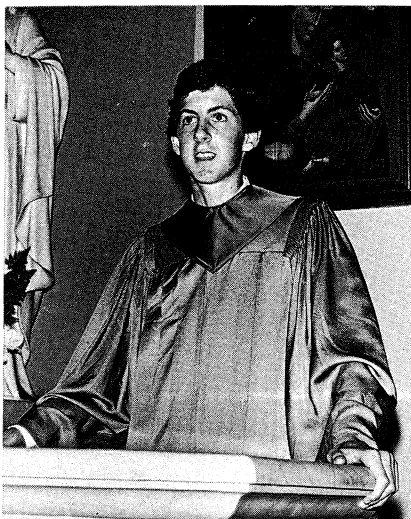

The Brothers of the Sacred Heart along with our fine lay teachers have made it a point to maintain the high level of education which has been the trademark of St. Stanislaus since its founding. It is their ability to go the extra yard for each student that makes St. Stanislaus special. Their efforts have contributed to the mental, spiritual, physical, and emotional development of each student that passes through the school's doors.

We must also look at the Golden Jubilarians who are among us today. These men are here to show us the type of life a St. Stanislaus graduate can lead. They are also issuing a challenge to us to follow in their footsteps and set the pace for future graduates. Hopefully, each graduating senior here today will be able to return in fifty years as Golden Jubilarians.

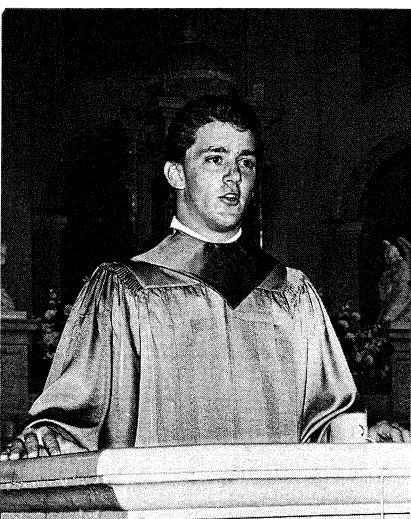

Finally, I would like to thank all of those who inspired and encouraged us through our developmental years with their love and devotion to Christianity and better education. Thank you and God bless you.

Brother Celestine, SSC principal, presents President's Cup to Chuck Yarborough '85, who also won the SSC Alumni Association Award.

Yarborough Wins Top Awards At Graduation

Chuck Yarborough '85 (son of Lawrence Yarborough '43) won the St. Stanislaus Alumni Association Award and the President's Award at the 1985 SSC Commencement Exercises. The alumni award is traditionally given to the graduating senior who has shown in a truly Christian manner a concern for his fellow man through projects involving the corporal and spiritual works of mercy. The President's Award is the highest honor given to a SSC graduate for outstanding expression of leadership, character and academic qualities.

Valedictory Address

On this day the class of '85 embarks on a new phase of life. As we leave St. Stanislaus, we leave behind many friends we have made and goals we have achieved, but we take with us the memories of high school which we will cherish forever.

Through the coming years we will assert our independence, reach our goals, and realize our dreams. On the road to success we will face many challenges that may seem insurmountable. Hopefully, through the training that we have received here at St. Stanislaus and in our homes, we will be able to meet these challenges effectively.

This is the greatest day of our lives. Today is also a great day for our parents. It is the symbol of eighteen years of hard work, love, and devotion on the part of our mothers and fathers. Before we were able to talk, our mothers were teaching us how to learn. Throughout our first years our mothers spent countless hours reading and speaking to us. When we started school, they continued to support us in the learning process. When we were elementary students, they helped us develop study habits which carried over into our high school years. Through this experience, it is my firm belief that the hand that rocks the cradle controls the destiny of the child. The best thing that we graduates, as future fathers and leaders of this great republic, can do for our children would be to choose a wife who will be as selfless and contributive to our sons and daughters as our mothers have been to us. We should be truly grateful for the past eighteen years of loving concern. For the character formation they have exemplified and bestowed upon us, we are most appreciative to the Brothers and lay faculty of St. Stanislaus. On behalf of the graduating class of 1985, I would like to thank all of you for everything that you have done for us; but most of all I would like to thank God, without whom none of us would be here, for the infinite blessings he has bestowed upon us.

Memorial Gift

Let's not forget the St. Stanislaus Endowment Fund at the time of the death of a close friend or relative. This is an excellent way of showing your concern for the Christian education of youth while at the same time remembering a close friend at the time of death. Many SSC alumni and friends are making use of this method of remembrance.

you could include St. Stanislaus in a portion of your will while at the same time taking complete care of your family—even to the extent of saving your family some estate taxes that would ordinarily be paid on inheritance.

If this sounds "too good to be true," please take a moment to let us explain this idea to you—or better yet, consult your own tax attorney and take his advice. I can promise that you will be surprised with the results.

We at St. Stanislaus can briefly explain this concept to you and also refer you to a tax attorney (who is a graduate of St. Stanislaus). If interested please write or call:

SCC To Rebuild Pier

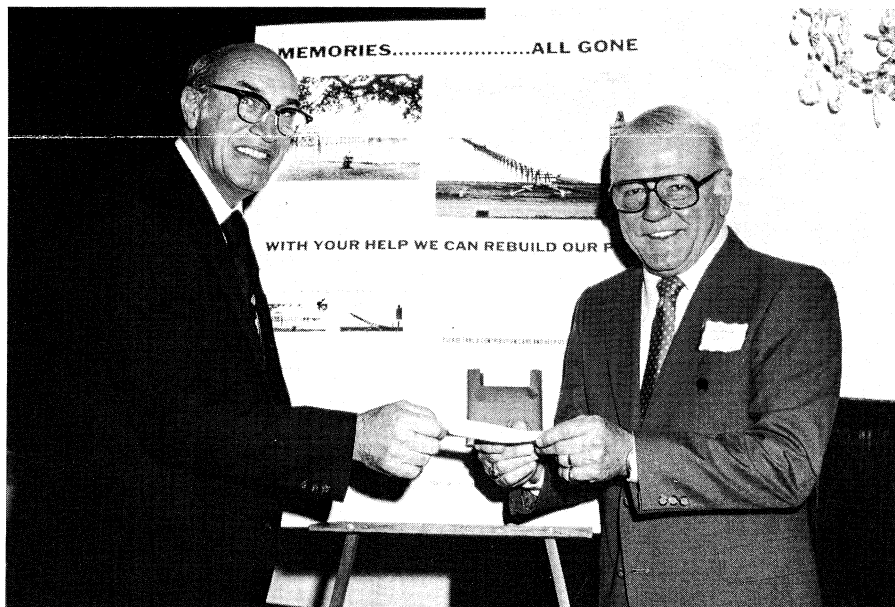

Stoney Dale '47 is chairman of the committee to rebuild the St. Stanislaus pier, which was totally ruined by the tropical storms and hur-

ricanes that hit the Mississippi Gulf Coast during September and October of 1985. The St. Stanislaus pier has been a familiar landmark along the

Mississippi Gulf Coast since the 1930's, and it is an important part of the recreational life of the SSC students and campers.

The proposed "new pier" will not be as elaborate as the pier in the 1950's and 1960's, but it will be more structurally sound than the pier constructed after Hurricane Camille in 1969. The committee is aiming at raising \$75,000 for the pier. The initial contribution of \$2,000 has been made in memory of John Scafide '29, Cotton Blaize '29 and Dr. A.J. Kergosien. The memorial was made by Gary Blaize '61, Janet Blaize Kyle and John Scafide, Jr. '65.

Serving with Dale on this important committee are Ronnie Artigues '60, Guy Billups, Gary Blaize '61, Eddie Brignac '48, Jimmy Bryan '41, Doc Blanchard '42, Robert Boudreaux, Ed Dufrense '56, Buck Farr '47, Dr. Benjamin Harrison, J.T. LaNasa '47, Jerry Schoen '47 and Jim Smith '45. Brother Pierre, S.C. serves as ex-officio member and treasurer of the committee.

Alumni Enjoy "Super" Reunion

"Super Bowl Weekend" in New Orleans only added to the excitement of this year's SSC alumni reunion on January 25. Approximately 400 alumni and friends gathered at the Jefferson-Orleans to reminisce about the "old days at SSC." Some classes carried this celebration into the early hours of the morning.

The special honor class at this year's reunion was the class of 1961. Other classes honored were those of 1946, 1956, 1966 and 1976. Dr. M.J. Wolfe, Sr. '23 was recognized as the oldest graduate at the reunion.

A "new wrinkle" for this year's reunion was the emergence of the "Rock-A-Chaw Express"—a chartered bus for the convenience of SSC alumni traveling in from the Gulf Coast. Special thanks go to Joey Monti '70

Class of 1936 to be Honored

The members of the SSC Class of 1936 will be honored at St. Stanislaus on May 10, 1986. This special celebration will commemorate the Golden Jubilee of their graduation from SSC in 1936. The Golden Jubilarians will attend the graduation exercises of the class of 1986; and they will receive a commemorative diploma from Brother Celestine Alegro, president of

SSC. Following the graduation exercises there will be a banquet for the Golden Jubilarians and their families. Living members of the class of 1936 include Milton Champagne, George Gerchow, Edwin Guidry, George Hammer, Richard Hammer, Edward Hogg, Eugene Sandoz, Fred Sheehy, John Sinclair and Ruston Stockton.

Memorial Gifts To Endowment Fund

SSC alumni, parents and friends have taken full advantage of a different approach to remembering persons at the time of their death. Instead of sending flowers to the family of the deceased, they are making a gift to the St. Stanislaus Endowment Fund in memory of the deceased person. The family of the deceased person is notified by St. Stanislaus that a gift from this person has been made to the SSC Endowment Fund; and in addition this gift is a tax-deductible contribution for the donor. Gifts of this type should be sent to:

Camp Stanislaus

The dates for Camp Stanislaus this year will be June 8 - July 19. This academic-fun camp is for boys (ages 9-14). The academic part of the camp covers a two-hour period each day and is designed to give enrichment help in Reading, English and Mathematics. The remainder of the day is devoted to water skiing, sailing, swimming, hobbies, fishing, etc. This six-week camp is limited, and therefore early registration is a necessity. Salutatory Address

Today, we witness the graduation of seventy-four graduates. It is the culmination of eighteen years of hard work and growth, not only on the part of the graduates, but on the part of the parents, friends, relatives and teachers of each graduate.

Today is a joyous day for all. Yet, these feelings of joy are mixed with feelings of sorrow. Many aspects of our high school years will be sadly missed—friendships developed during high school, the security of home life, and all other joys of being a senior.

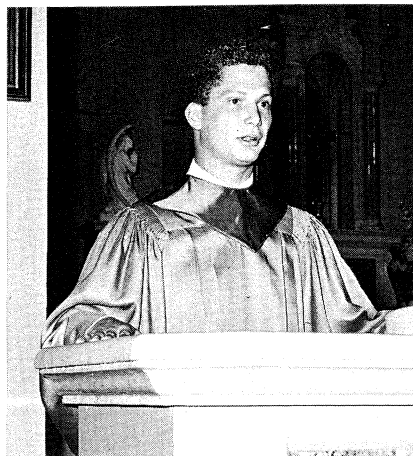

Each graduate takes with him many memories. In turn, each graduate leaves his own personal imprint on the St. Stanislaus student body, an indelible impression upon the St. Stanislaus family.

Today, we leave one family, the St. Stanislaus student body, and we join another—the family of 131 previous graduating classes. We move into this family with great pride and are happily welcomed as members.

Many graduates may leave today with mixed feelings about their education. Yet, over the years these feelings will turn to thanks. Thanks to all those who influenced our lives during their years at St. Stanislaus. Each graduate will come to value the uniqueness of his education. Each graduate has earned something which cannot be bought or sold for any price. They have earned something which must be experienced first-hand to attain. They have received not only an education of six or seven years, but the experience of 132 years of Christian education, both in words and in spirit.

Valedictory Address

Today we advance to the next step in our lives. We will no longer be in the sheltered world we have come to know and in which we were so comfortable. We will be thrust into a new and frightening experience—the real world. As we make the transition we will be encountering many changes. We will no longer be under the close supervision of our parents. Rather, their role in our lives will become more of wise close friends who have experienced life and to whom we know we can talk, and whose advice we will weigh and value. Through their good example and guidance they will continue to assist us in our growth toward Christian maturity.

The Brothers and faculty at St. Stanislaus, to whom we have grown close over the years will no longer be with us; however, their influence will last forever. The moral teachings instilled in us by them will prove to be the most valuable part of our education. Our friendships with our fellow classmates will certainly change. Time and distance will become barriers that will test the strength of our friendship. As we go through life we will make new friends, but we will always cherish the friends we have made here at St. Stanislaus.

Leaving a place that has meant so much to us hurts. The realization that we cared enough for it to hurt can be comforting. Many people will never come to know this feeling and this leaves a void in their lives. We were given the advantage of attending one of the finest institutions anywhere. We can be thankful to our parents, the Brothers of the Sacred Heart and the St. Stanislaus faculty for giving us the opportunity to arrive where we are today.

Speaking for the graduating class of 1986—it is our hope that you will always be as proud of us as you are now. Realizing that we could never repay you, our parents, for all the sacrifices you have made on our behalf, we would simply like to say thank you and God bless each of you.

Alumni Directory

The new alumni directory is scheduled for release in May, 1987. All alumni will be given a chance to purchase the new directory, and this can be done when the Harris Publishing Company makes their telephone verification of information.

Alumni Office

Alumni are encouraged to contact SSC if any material regarding our alumni is needed. If it is necessary to reach Brother Aquin at the alumni office, the phone number on weekdays between the hours of 7:30 and 3:30 is 601-467-9057. At other times he may be reached at 601-466-3401 or 601-466-3419.

Annual Alumni Fund

Letters regarding the annual alumni fund were sent out to all alumni during the month of November. In order to help with the ever-increasing cost of private education and to provide the best possible facilities for the students, it has been suggested that each alumnus contribute a dollar for

each year since he has graduated from SSC. This plan has worked well in the past, and it proves the outstanding support the SSC alumni provide their school. If you have not responded to your letter as yet, please use this as a reminder.

Memorial Gifts to Endowment Fund

All SSC alumni recently received information regarding an approach to remembering persons at the time of their death. Instead of sending flowers to the family of the deceased, they were encouraged to make a gift to the St. Stanislaus Endowment Fund in memory of the deceased person. The family of the deceased person is notified by St. Stanislaus that a gift from this person has been made to the SSC Endowment Fund; and in addition this gift is a tax-deductible contribution for the donor. Gifts of this type should be sent to:

Camp Stanislaus

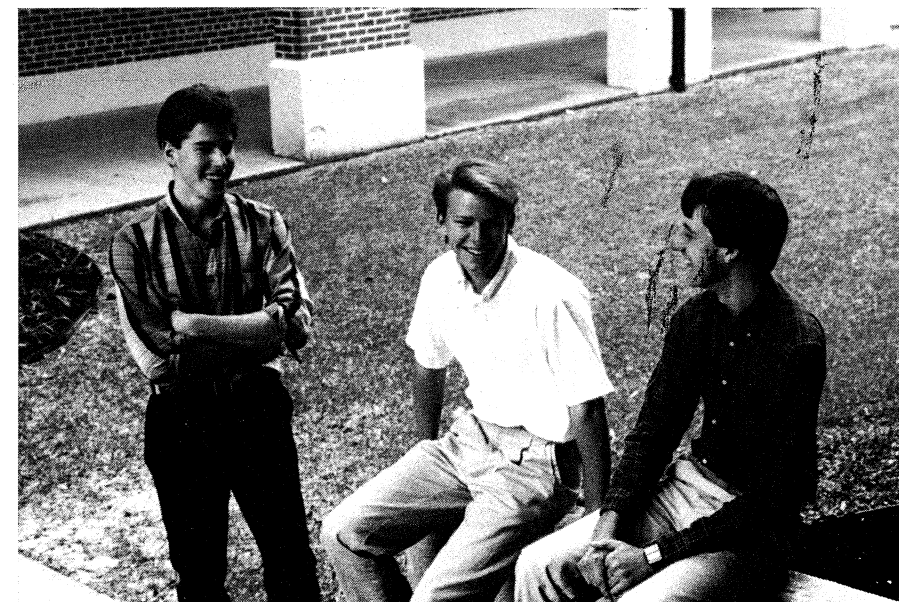

The dates for Camp Stanislaus this year will be June 14-July 25. This academic-fun camp is for boys (ages 9-14). The academic part of the camp covers a two-hour period each day and is designed to give enrichment help in Reading, English, and Mathematics. The remainder of the day is devoted to water skiing, sailing, swimming, hobbies, fishing, etc. This six-week camp is limited, and therefore early registration is a necessity. Any inquiries regarding Camp Stanislaus should be directed to:

Lenten Giving Fund

During the season of Lent SSC students raised over \$3,500 to be divided among three worthy causes. The proceeds of this Lenten Giving Fund (which in former years was referred to as the "Mission Drive") benefits: first, the missions of the Brothers of the Sacred Heart in Africa; second, the Guatemalan mission of Father Matthew Martin, a 1944 SSC graduate; and third, the financial assistance of Scott Songy, a 1984 SSC graduate, who is nearly completely paralyzed as a result of an accident.

The generosity of the SSC students is reflected in the fact that the student body as a whole achieved 153% of its goal in the drive.

Three SSC seniors of 1987 earned the honor of National Merit Finalist. They are (from left) Joel Thames, Scott Comeaux, and David Bourgeois.

Alumni Help In Recruiting

One of the reasons St. Stanislaus has achieved great success over the years is the work and interest of its alumni. SSC alumni have always been encouraged to help the school in recommending students whom they feel would benefit from the type of education and formation provided at St. Stanislaus. This has been particularly apparent in the boarding department where parents of prospective students will seek help from our alumni as to the advisability of sending their son to a boarding school—

and in particular to St. Stanislaus. The Brothers at SSC truly appreciate when an alumnus plays a direct role in recommending a student to the school because they know this alumnus is aware of the type of student who can benefit from a Stanislaus education.

Please don't hesitate to continue recommending students for both our summer camp program and the school year program. Direct contact may be made by calling Brother Louis Joseph (601-467-9057).

Brother Paul Montero (left), SSC president, and Brother Aquin Gauthier, director of alumni, are shown with the flag that was used on the coffin of Zeke Bonura '27. This flag, which is presently flying at the school, was presented to SSC by Bonura's sister, Mrs. Thomas Gennusa. In the background is a statue of St. Stanislaus, the patron saint of the school.

Alumni Directory Nears Completion

All telephone contact has been completed by Harris Publishing Company, publisher of our new SSC Alumni Directory. The telephone callers verified the information which alumni provided on the questionnaires and the information currently held on alumni records. At the same time, alumni were given the opportunity to purchase personal copies of the directory.

The directory is tentatively scheduled for release around May 22, 1987. If you have not received your copy or if you are interested in ordering a copy and have not heard from the publisher, you may contact them directly at the following address:

Valedictory Address

David Bourgeois '87

Today, we, the seniors of 1987, are gathered here to celebrate the greatest accomplishment of our lives—high school graduation.

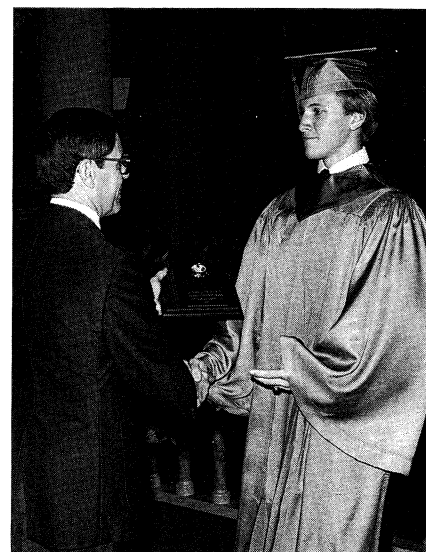

Our parents are the greatest people in our lives. They have always stood by us, giving us advice, help, and most importantly, love. To them, we are eternally grateful. Our parents have been, and will always be, an enormous influence in our lives. In the past few years though, teachers have played an increasingly greater role in our development. They sought not only to teach us, but also to guide us. They shared their deepest feelings

David Bourgeois '87 (co-valedictorian)

with us as well as their knowledge. The members of the St. Stanislaus faculty have sacrificed their time and effort in an attempt to make us better people. They care about us deeply, and in retrospect, all of us will come to care about them. These people have given us an education which will help us through our entire life. They deserve our most sincere thanks and respect.

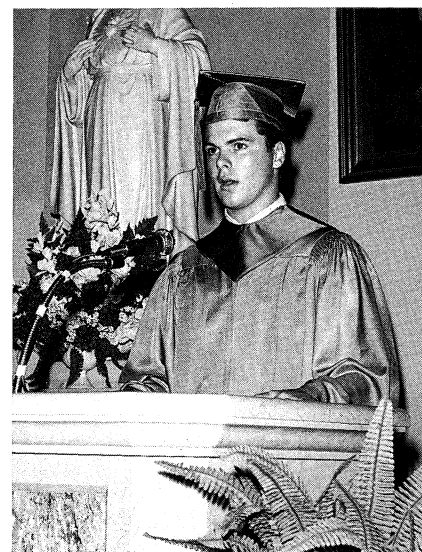

Today marks a turning point in our lives. We have waited four long years in anticipation of this graduation day, and we are all thrilled to have reached it. However, we are surprised to find

Brother Paul Montero presents the SSC Alumni Association Award to Jack Simpson '87.

that along with the joy comes a feeling of sadness and of regret. We know that our secure lives will soon be plunged into chaos. For we are leaving not only a school, but a community, a family, a way of life. We must leave behind our friends, teachers, and parents to face the real world on our own. This is a scary concept, but it is much more easily accepted when we realize how well our high school education has prepared us for life.

We are truly the future leaders of the world. Much has been given to us; and of us, much will be expected.

Louis Schruff '87 (co-valedictorian)

Louis Schruff '87

Today we must leave St. Stanislaus and enter a world filled with many problems. We must wake up every day to a world where there is a constant threat of nuclear war, to a world where drugs are ruining the lives of many people, to a world filled with crime and hatred, to a world where morality seems to be almost extinct. Everyone wants to make a lot of money, and today it seems that people will do anything to make money. We step all over people not caring what happens to them as long as we just make more money. To many people, the lives and feelings of others don't mean very much. We should

consider what effects our decisions will have on the lives of our fellowmen, but today we live in a selfish society where personal success is the major concern. Yes, we all will be challenged by these problems, but I believe St. Stanislaus has prepared us for these challenges and we are ready to accept them.

At St. Stanislaus we have learned to respect our fellowman. Although we do not always agree with someone, we should give him the respect that each and everyone of us truly deserves for we are all God's children. All the money in the world will not change God's love for us. We are all equal no

matter what kind of car we drive or what the size of our bank account may be.

The virtues that we have acquired here at St. Stanislaus will propel us through our lives. They will help us to meet the challenges of society. At this time we may not all fully realize what St. Stanislaus has done for us, but it is in the years to come that we will discover the true meaning of a St. Stanislaus education, and we will thank St. Stanislaus for its education in life as well as in academics.

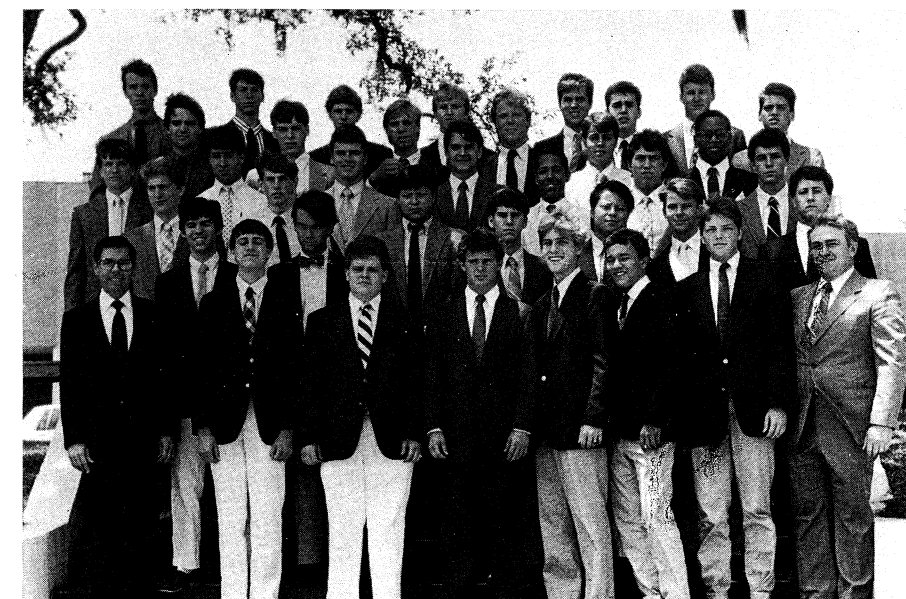

I cherish my life at St. Stanislaus, and I will miss all of those who have been a part of it.

GRADUATION - 1988

(The following is an excerpt from the **salutatory address** delivered by Ya-Sin Shabazz on May 21, 1988.)

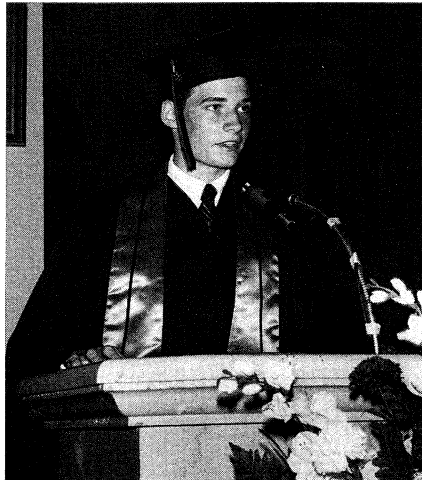

"...As I look back on my four years, I see St. Stanislaus not only as a school but as a family, as a community, and as a way of life. And the St. Stanislaus way of life is a champion's way of life. We vie for excellence, and we reward valiant attempts. We are humble in victory and honest in defeat. And most importantly we strive to help and understand our neighbors while remaining true to ourselves. Although I will soon be abandoning this family and departing this community, I hope this way of life will remain embedded within me forever.

There have been many doubtful periods during my four years here. Often I have wondered if that extra hour of study or late night practice was worth it. Today's ceremony answers that question quite clearly for me. Yes, and any extra effort is worthwhile and will eventually pay off.

In this respect I see graduation most of all as an incentive to continue to strive for excellence. All of us in this class have accomplished a unique and special goal—graduation. In the future today's ceremony will serve as my reference point. For four years I doubted the value of my efforts, but today the doubt is removed and this ceremony will carry me on for the next four or more years..."

Salutatorian Ya-Sin Shabazz (at right) receives the President's Award at graduation from Brother Paul Montero, SSC president.

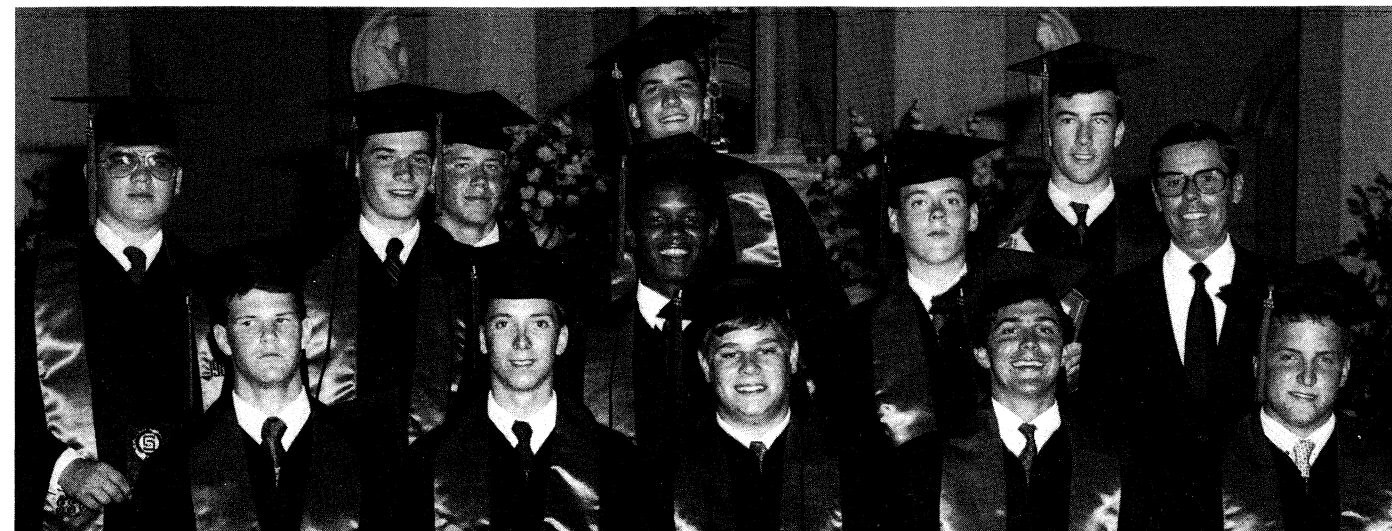

Valedictorian David Bast delivers his address at graduation.

(The following is an excerpt from the **valedictory address** delivered by David Bast on May 21, 1988.)

"...Today, I would like to make a challenge to you, the class of 1988. In Romans 12:6 we read, 'Having gifts that differ according to the grace given us, let us use them.' And so, with that verse in mind, I challenge you *not* to be like your peers, but to be as God commanded you to be—*yourself*.

After this day of graduation from high school, I challenge you to work hard in your college studies; to be honest in your business practices; to father a family in love, honesty, and respect; to be compassionate to your fellow man who may not have had the opportunities that you have had; to give freely of your time and service to others; to not put money and prestige on a pedestal; and to enter each day in glory for the love of God.

I challenge you to have courage when the world is doing otherwise, and to spend time with your friends and to struggle with them in and through all of their joys and sorrows. I challenge you not to take the easy way out by quitting in your studies, businesses, relationships, and marriages; even though the world may say it is acceptable to quit. And so finally I challenge you again today to be yourself; to have the courage to be different from the world. If you continue in life with this type of courage, you *will* make a change in the world..."

Alumni Reunion Set for January 21

The SSC General Alumni Reunion is getting close and enthusiasm is already running "sky high"—particularly among members of the honor classes. This year's reunion will be held on Saturday, January 21, at the Jefferson-Orleans in Metairie. Our reunion will be from 7:30-11:30 p.m., and a pre-registration form will be sent out to all alumni at the beginning of January. Those alumni wishing to stay overnight in the area of the Jefferson-Orleans will be interested in

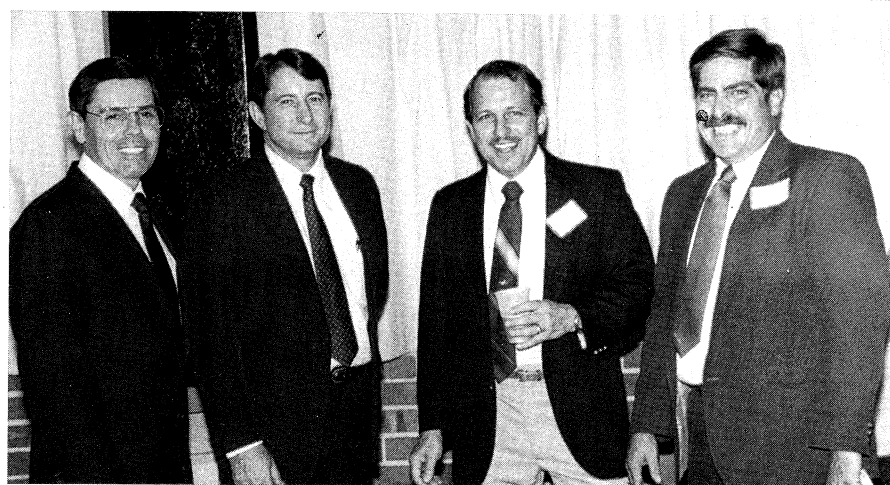

the following information: Hotels in the vicinity of the Jefferson-Orleans are the Landmark (800-535-8840 for outside of Louisiana) and (800-321-4975 for within Louisiana); the Ramada Inn (504-835-4141); and the Howard Johnson (504-885-5700). Be sure to request the special rates for the St. Stanislaus Alumni Association.

The "honor classes" this year will be the classes of '49, '59, '64, '69, and '79. However, this is a *General Reunion* and not limited to members of the

honor classes. All SSC alumni and their wives or dates are encouraged to attend. Representatives of the honor classes will be contacting their classmates to encourage 100% attendance. Make plans now to attend!

Class of 1939

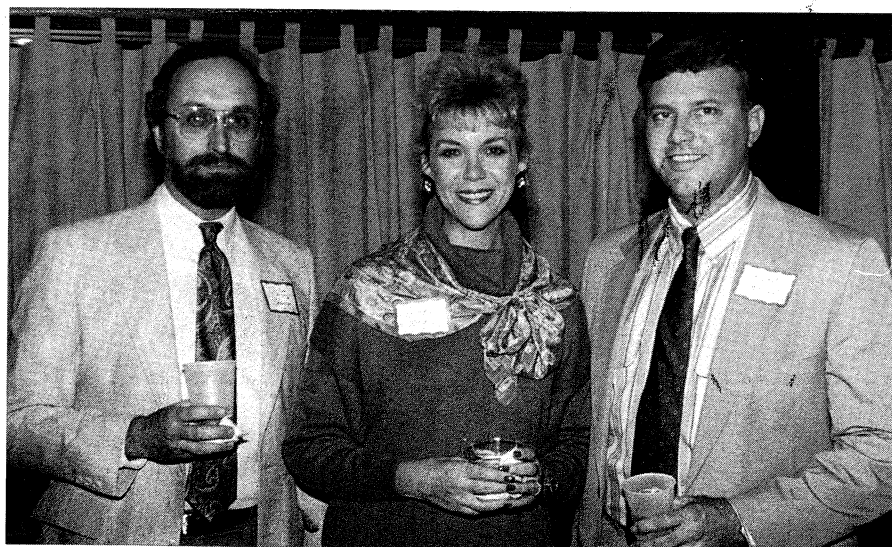

On May 20, 1989, St. Stanislaus will honor its class of 1939 on the occasion of their fiftieth anniversary of graduation from SSC. This ceremony will be held in conjunction with the graduation exercises of the SSC class of 1989; and the golden jubilarians will receive a commemorative diploma of their graduation in 1939. Following the ceremony will be a banquet for the golden jubilarians and their wives.

Gerald Broussard '61

Gerald, a 1961 SSC graduate, is president of Broussard Iron Works and Welding in Kaplan, Louisiana. In addition to this, he is active in civic affairs. But life during the past ten years has not been very simple for Gerald and his wife Carole.

To be more exact, Gerald's right kidney had to be removed; and, in addition to this, he endured three failed transplants and years of thrice-weekly dialysis. A fourth transplant is unusual because the bladder to which the kidney must be connected is scarred and shrunken after several transplant attempts. However, the donor for this fourth attempt was Gerald's wife Carole.

Carole was medically speaking a prime candidate. She and Gerald have the same blood type (O-positive) and their tissues matched. The operation was performed successfully by Dr. Edward Etheridge, director of Tulane's transplant division, on July 30, 1987; and so far the Broussards are doing well. And, in their own words, a few "extra prayers" surely helped a lot!

Former Band Alumni

Do you still have the musical instrument you used in high school or one that you got later? Are you still using it or is it stuck away somewhere in a closet or in the attic? If you are not using it, have you ever thought of donating it to the SSC Band so that a student without a musical instrument would have a chance to play in the band? Please give it a thought!

Brother Ramon Daunis '47

Ramon Daunis (later to be known as Brother Ramon) was born on July 13, 1928, in New Orleans. He entered SSC as a boarding student in the fourth grade, and he joined his brother Ernest who had come to Stanislaus one year earlier. He would spend nine years at SSC before leaving in the middle of his senior year to become a Brother of the Sacred Heart. While in high school he enjoyed extracurricular activities, and he excelled in boxing and football. Students of that time still speak of his feats in the boxing ring!

On February 7, 1947, Ramon Daunis went to Metuchen, New Jersey, to complete his high school and to begin his studies to become a Brother. On August 15, 1948, he took his first vows as a Brother of the Sacred Heart. His first assignment was farm and dairy work at Metuchen. From 1950-54 he worked with Brother Pierre in the dining hall and kitchen at Huntington, Long Island in New York.

In 1954 he was assigned to SSC where he would spend the next ten years working in the laundry and clothes room. It was here that Brother Ramon would spend his most memorable years. He enjoyed working with the boys during the school year, but he was even happier during the months of summer camp where he prided himself in teaching the young campers to water ski. To this day he spends every summer at Camp Stanislaus where he has the reputation of being an excellent water skiing instructor.

In addition to his years at SSC Brother Ramon has worked at D'Evereux Hall Orphanage in Natchez, St. Aloysius High School in New Orleans, and Catholic Boys Home Orphanage in Mobile. In 1970

Brother Ramon working on machinery in Baton Rouge.

Driving his tractor is one of Brother Ramon's many duties at Catholic High School.

he was assigned to Catholic High School in Baton Rouge to be in charge of maintenance, a position he holds to the present day. However, he still spends the summer months in Bay St. Louis to work with the water skiing program at Camp Stanislaus.

In looking back over his years as a religious, Brother Ramon has many pleasant memories. He reserves his happiest moments for those at SSC, and each year he relives these moments at the annual alumni re-

union (which he never misses!). When asked if he remembers any special classes or students in particular, he thought for a moment and then grinned as he said: "I think I would have to single out the SSC Class of '60. They were mischievous but a lot of fun! It's not everyday that you meet such students as Louie Genard, Herbie Battistella, and Jimmy Riordan." And Brother Ramon has seen many "Rock-A-Chaws" in his days!

St. Stanislaus 5K Race

The St. Stanislaus 5K Bay Bridge Run will be held on Saturday, February 25 starting at 9:00 a.m. This event is sponsored by the St. Stanislaus Key Club and is open to all SSC students, alumni, and friends. These men were formally inducted into the St. Stanislaus Hall of Fame following a banquet held in the school dining hall. Earlier in the evening Father James Carter '44 (assisted by deacon Gil Schmidt '51) celebrated a special Mass for the honorees in the school chapel. This was followed by a cocktail reception prior to the banquet.

Brother Paul Montero, SSC president, made the formal inductions. L.A. Koeneen, Sr. was represented by his son L.A. Koeneen, Jr.; and Shawn Killeen '78 represented his father "Buzzy" Killeen. The pictures of the four inductees are permanently mounted in the school along with the thirty-seven previous inductees.

Ben Kleinpeter '45

Ben Kleinpeter was born on October 16, 1927, at the Kleinpeter family home in Baton Rouge, Louisiana. He was one of eleven children (six boys and five girls) of Leon Kleinpeter and Lillian Gibbens Kleinpeter. He attended Catholic High School from the third grade through the eighth grade. In these early days he and his brothers all worked at the family dairy with their father. They would get up early to milk the cows and deliver milk before going to school. After school they would pick up empty milk bottles to wash and prepare for the next day.

In September of 1941 Ben entered St. Stanislaus. His brother Tom had graduated from SSC in June of '41, and their father Leon, Sr. was in the class of 1913. In Ben's own words "going to Stanislaus was much easier than being at home—all I had to do was study and play football. My brothers took care of the work at the dairy." After graduating from SSC in 1945, Ben attended L.S.U. He then served for three years in the infantry, from which he was discharged as a sergeant at the end of World War II.

Ben was married in December of 1948. Three of his sons (Kenny, Steve, and Jeff) attended SSC, and today he has twelve grandchildren (three of which are triplets of his daughter Jan). Ben and his brothers Leon, Jr., Tom, Vincent, and Mike worked closely with their father in the

dairy. Ben was in charge of sales and marketing until 1987 when he bought the stock of his four brothers in the dairy and became president. However, the dairy is still very much a family-run operation as fifteen third-generation and four fourth-generation Kleinpeters are working with Ben.

In 1984 Ben moved and restored the Kleinpeter family house which had been built prior to 1850 and had been the home for six generations of Kleinpeters. This house is presently listed on the national register of historic houses and is open for daily tours. Ben himself lives in a small building to the rear of the house.

In reflecting on his days at SSC, Ben has fond memories of many people including Brothers Peter, Casimir, Linus, Clement, and Roy and his former classmates Father James Carter, Jim Smith and Buzzy Killeen.

What impressed him the most was the "character training I received from the Brothers of the Sacred Heart which in effect taught me to do things which I didn't necessarily want to do and thus would put off doing." Ben says that even today "I will make a list of the things I have to do—and then do the most unpleasant things first. Then the rest of the day is easy!"

Ben and his brothers and sisters are most proud of the library at St. Stanislaus, which was dedicated in 1970 in honor of their mother and father. Leon and Lillian Kleinpeter have died, but the Kleinpeter-Gibbens Memorial Library is a fitting tribute to Mr. and Mrs. Leon Kleinpeter, Sr. and to the efforts of their children.

SSC Golf Tournament is Great Success

The First Annual St. Stanislaus Invitational Golf Tournament on April 28 proved to be an overwhelming success. The eighteen hole scramble attracted 140 golfers and was played on the Cardinal Course at the Diamondhead Country Club in Bay St. Louis. Doc Blanchard '42 was the special guest for this first tournament. Doc is presently retired from the Air Force and is living in San Antonio, Texas. He enjoyed playing in the tournament with Ben Kleinpeter '45, Jim Smith '45, Sellers Meric '45, and Buddy Laughlin '48.

Festivities got underway on Thursday evening with a cocktail party and dinner for the golfers and their wives at the Diamondhead Country Club. The tournament itself began with a shotgun start at 9 o'clock Friday morning. At the completion of the round there were prizes awarded along with a lunch for the golfers. Reactions were so favorable that next year's tournament has already been set for May 4, 1990.

Dan Nelson, grandfather of SSC student Charlie Nelson, served as general chairman of the tournament. Jimmy Bryan '41 sponsored a new Chevrolet car for a hole-in-one, which unfortunately no one won (the

Christenberry Chosen Alumni President

Earle Christenberry '45 has succeeded J.T. LaNasa '47 as president of the SSC Alumni Association. His two-year term was effective as of November 1, 1989. As president he will represent the over 3,000 living alumni of St. Stanislaus throughout the world, and he will work closely with alumni director Brother Aquin Gauthier in planning and executing alumni events.

In 1957 Earle co-founded Associated Reporters in New Orleans, a company composed of official court reporters. Today he is semi-retired and works in a consultative position for the company. His main hobby these days is his "magic skills" as he has served as president of the International Brotherhood of Magicians.

During his school days at SSC Earle played the trumpet in the school band under the direction of Brother Romuald; and he was instrumental in forming the SSC Dance Band and Orchestra. His two sons—John and Robert—are SSC graduates. One of Earle's greatest contributions to SSC came after Hurricane Camille in 1969 when he organized a volunteer group to work one week to get SSC "back on its feet."

In his own words, Earle states very clearly: "There is not a day that goes by when I do not think of St. Stanislaus and what it has meant to me. The training I received at SSC is without a doubt the greatest influence in my life and habits, and it has indeed helped to form my character."

Alumni Reunion Set for January 20

The SSC General Alumni Reunion will be held on Saturday, January 20—one week before the Super Bowl will be played in New Orleans. Representatives of the honor classes ('50, '60, '65, '70 and '80) are already "hard at work" contacting their classmates to encourage 100% attendance. But, of course, alumni of all years are encouraged to attend what has become our "biggest function of the year."

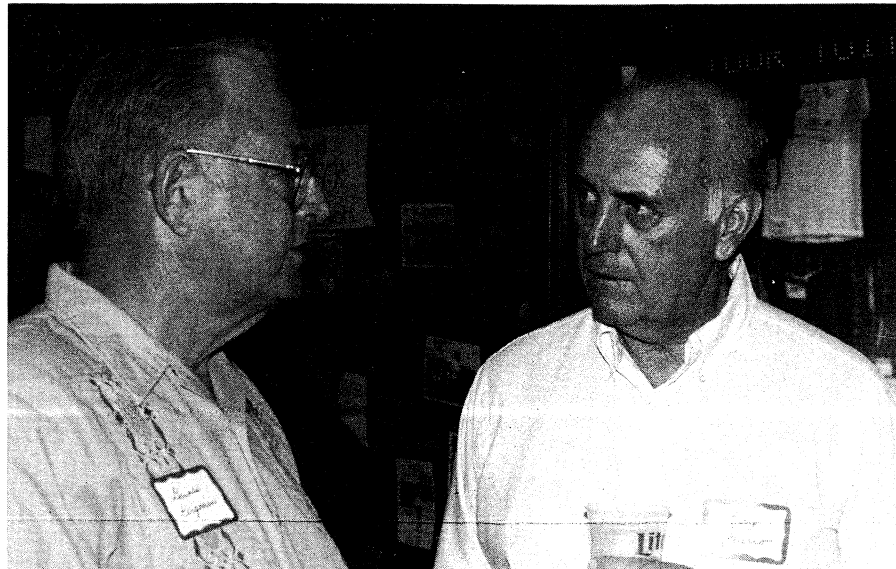

This year's reunion will be held at the Jefferson-Orleans in Metairie from 7:30-11:30 p.m. A pre-registration form will be sent to all alumni at the beginning of January. If you wish to stay overnight in the area of the Jefferson-Orleans, we have made arrangements with the Landmark Hotel on Severn Avenue to reserve a limited number of rooms. You may call them directly at 800-535-8840 (outside Louisiana) and 800-321-4975 (inside Louisiana). Be sure to request the special rates for the St. Stanislaus Alumni Association.
